

AIMEE ORDERED BACK TO CAPITAL

Great Britain Will Join U. S. In Naval Reductions

SIR AUSTEN LAUDS PLAN OF AMERICA

Foreign Secretary Delivers Statement in House of Commons This Morning
AGREEMENT SOUGHT
General Reduction Proposed Which Would Be Applicable to All Vessels

LONDON, April 24.—(UP)—Sir Austen Chamberlain, the foreign secretary, announced in the house of commons today that great Britain "shared fully the hopes and wishes of the United States" on disarmament.
Making his expected statement on the arms proposal submitted at Geneva on Monday, Sir Austen said England, like the United States, desired reduction of naval armaments as well as limitation.
Sir Austen told Commander J. M. Kenworthy, labor member and strong advocate of a naval agreement between England and the United States, that Great Britain already had proposed a general reduction which would be applicable to every class of war vessel.
Sir Austen said Britain attaches great importance to the possibilities of elasticity contained in the suggestion for an adjustment of agreed strength among Britain.

LAW SUIT HALTED BY DRUNKEN JUROR

LOS ANGELES, April 24.—(UP)—A law suit which had waged for three weeks in superior court here ended abruptly yesterday, when E. H. Hosford, a juror, interrupted the session with the statement that he "didn't know what it was all about."
Investigation revealed that Hosford was intoxicated and he was ordered to appear in court Friday for sentence on a contempt of court charge.
The suit, brought by the Riverside Portland Cement company against Peter Ferry and other defendants, was declared a mistrial.
The action which concerns labor and materials, will be retired.

TO THE "UNKNOWN SOLDIER"

An Appreciation
BY CLYDE DOWNING

One of the outstanding achievements of the World War was the awakening and recognition of the vital services rendered by the men from the ranks. To perpetuate the memory of this great heroic service, throughout the country, you will find monuments to the "Unknown Soldier."
A great civic battle has just ended in the city of Santa Ana and the whole community rejoices over the victory. More than two years ago the first skirmish was made toward bringing to Santa Ana the manufacturing plant of a business of international reputation. Immediately, communities throughout Southern California likewise started campaigns. From a skirmish it soon grew into an encounter, and from that into a real battle.
In order to properly present the facts showing Santa Ana to be the ideal location for the factory, a most exhaustive survey was required.
Three years ago, some of the "Unknown soldiers" of Santa Ana, with vision, courage and faith in their community, made search far and wide, sacrificing their own personal interests, to find a man of big enough caliber to inaugurate a real program for the chamber of commerce. These men, Dr. F. W. Slabaugh, Harvey Gardner and Guy Gilbert, unanimously decided that the one man fitted to do this work was George Raymer, then acting secretary of the Fullerton Chamber of Commerce.
In the spirit of sincere co-operation, the directors of the Fullerton Chamber of Commerce permitted George Raymer to take up this work for the Santa Ana Chamber of Commerce. I was privileged to serve as president of the Chamber of Commerce during the first year's service of Mr. Raymer and for two succeeding years thereafter. Before entering upon his duties as secretary and after having made a survey of Santa Ana and vicinity, Mr. Raymer stated to the directors that it would take at least three years to get his program really under headway. This is an interesting fact to me because it has been a little over three years since one of the greatest achievements that has ever been known to the City of Santa Ana was brought to fruition through the efforts, ingenuity and resourcefulness of George Raymer, backed up and supported by the "Unknown soldiers" in the civic army of the City of Santa Ana.
During my incumbency as president of the Chamber of Commerce, I have sat in counsel with scores of business and professional men of Santa Ana and the efficient services rendered by these men is a very gratifying thing.
The coming of the Pittsburgh Plate Glass Factory to Santa Ana is the first step of a great industrial development and citizens of Santa Ana should be convinced, beyond any question, that the Chamber of Commerce is the clearing house of a community and deserves the financial and personal support of the whole city.
The sole and only purpose of this statement is to try and arouse the active interest and support of the citizens of Santa Ana in its Chamber of Commerce.

GLASS COMPANY WILL BEGIN ITS CONSTRUCTION WORK ON SEPT. 1

SCHOOL BOARD PLANNING FOR BOND ELECTION

Balloting Probably Will Be Held Early in June—To Ask \$450,000

PRELIMINARY work was under way today for the calling of an elementary school bond election in Santa Ana. Although the date of the balloting has not been settled definitely it probably will be staged early in June. The board of education, meeting at its Church and Sycamore street offices last night, did not set the amount which will be asked but previous discussion of the matter has shown that the group feels that a sum in the neighborhood of \$450,000 will be needed.
R. H. Drake, superintendent of buildings and grounds, was instructed to request the district attorney's office to initiate legal proceedings at once, laying the foundation for the election. It is planned to have the election completed before the present school term ends and vacation trips have started.
On a motion made by Herbert L. Miller, Dr. John Ball, president.

FOUR AMERICANS MALARIA VICTIMS

CHERBOURG, April 24.—(UP)—The Canadian Pacific liner Duchess of Atholl landed 90 passengers here at noon today after a cruise to South American and South African ports during which four Americans passengers died.
Passengers who landed here said the deaths were caused by malaria contracted from mosquito bites in the Kruger National park and Victoria Falls, Africa.
The deaths occurred a month ago when the ship was near Italy, the passengers said.

6 Parents Held For Violating Education Law

CHICAGO, April 24.—(UP)—The Chicago board of education's drive against indifferent parents brought about the arrest of six parents today on charges of violating the compulsory education law.
Five parents were assessed fines totaling \$124. A sixth was ordered to jail when he could not pay a \$10 fine.
Two of the truancy cases on which the charges were based occurred at the Libby school, attended by Colletta Liston, 15, whose mother will be tried by an unofficial jury of prominent women.
The Liston trial for "parental neglect" was postponed for one week on petition of defense counsel.

MORE FINANCES ARE NEEDED BY S. A. CHAMBER

Directors at Meeting This Morning Told Lack of Funds Hindrance

THE SANTA ANA Chamber of Commerce must have more funds if it is to continue efforts to locate big industrial concerns in Santa Ana, in the opinion of Carl Mock, one of the three men credited with putting over negotiations that resulted in selection of this city for the Pittsburgh Plate Glass company.
This opinion was expressed by Mock at a meeting of the board of directors of the chamber this forenoon.
Intimating that prospects are fine for immediate addition of going concerns to the industries operating in Santa Ana, the committee declared that this community could, with big profit, send Secretary George Raymer to the east to work out projects that are possible for Santa Ana.
Mock said that his experience in connection with the work to secure the plate glass factory had revealed that the chamber has not the funds necessary for this type of work, and he intimated that many expenses incident to negotiations with the glass company had been borne by individuals who had, in addition, given much of their time to the program.
A \$10-a-plate dinner and a drive for more and larger contributions to the service fund of the chamber was suggested as possible ways for increasing the finances of the organization for devotion to efforts to procure location here with worth-while industrial plants.
Pointing out that the chamber's success in locating the Pittsburgh Plate Glass company here is the greatest accomplishment of the chamber in its history, Walter Vandermast suggested that possibly there are many residents in the community who have not been supporters of the chamber who now would be happy to become members, and he

(Continued on Page 2)

ARMY AVIATOR HELD TO BLAME FOR CRASH

SAN DIEGO, April 24.—(UP)—A coroner's jury decided today that Lt. G. H. Keefe was responsible for the air collision which caused his own and five other deaths here Sunday.
The jury found that Lt. Keefe was "criminally negligent" in that "his violation of the rules of the air" led to the crash.
The findings of the jury were made known after more than a dozen witnesses testified concerning the collision between Lt. Keefe's army plane and a giant Maddux passenger liner.

BROOKHART AND HOOVER BREAK ON FARM BILL

Iowa Solon Urges Senate To Pass Real Measure Over President's Veto

WASHINGTON, April 24.—(UP)—Senator Smith W. Brookhart, of Iowa, leading campaigner for President Hoover in the farm belt, broke with Mr. Hoover in a speech to the senate today, urging that congress disregard the president and prepare to pass "a real farm bill" over his veto.
Brookhart accused Mr. Hoover of breaking his campaign pledges to the farmers and took the position that congress should carry out the pledges by adopting legislation to place agriculture on an equal economic footing with industry.
The speech opened the second day of debate on the administration bill in the senate as the house was preparing to vote upon amendments to a similar bill with hopes of passing it before night.
Brookhart told how he had made 200 speeches for Mr. Hoover during the campaign. In these speeches he said he read the Republican platform and the acceptance speech of Mr. Hoover promising equality. He contended the statements in the platform and in the acceptance and St. Louis speeches of Mr. Hoover differed materially from his messages at the opening of the special session of congress a week ago Monday.

7 Students Face Expulsion After Kidnaping Episode

SAN MATEO, April 24.—(UP)—Seven prominent students at San Mateo Junior college faced expulsion today in connection with the kidnaping of Edward Bauer Jr., editor of the San Mateo.
Bauer was abducted from the college, taken for a ride into the hills near here, stripped of all his clothing except his trousers and turned loose. He was not beaten.
The abduction followed charges of ballot box stuffing in the "most popular man" contest at the college. Bauer had written articles denouncing secret fraternities.

REALTY BOARD FIRST BODY TO EXPRESS APPRECIATION

One of the liveliest groups in the city of Santa Ana, or any other locality in Orange County, is the Realty Board. Santa Ana is no exception by any means.
Early yesterday morning the members of the Realty Board were called together (the first body in the city to be called on account of the decision of the Plate Glass Company to establish itself in Santa Ana) and passed a ringing resolution expressing their gratification and support. Their secretary, Herbert Alteman, called them together and every member was present.
The members of the Board who were present were: Charles Aubrey, chairman, J. Wylie Harris, Asa Hoffman, Frank Pope, Carl Mock, Everett White, and Herbert Alteman.
But by one of the queer tricks so often played upon the newspaper by the little imp of chance, this resolution, instead of being on the first page of yesterday's paper where it belonged, was inserted in the advertising where it would appear that The Register was hired to publish it. We are reprinting it today herewith to positively establish the contrary.

A RESOLUTION

WHEREAS, the Pittsburgh Plate Glass Company of Pittsburgh, Pa., has selected Santa Ana as the location for its western plant, and,
WHEREAS, the Santa Ana Chamber of Commerce has been the institution by which the contact has been made, and the service by which the city has rendered aid in the determination by the Pittsburgh Plate Glass Company on this site, and,
WHEREAS, the Secretary of the Santa Ana Chamber of Commerce, George A. Raymer, has been the effective man in representing the Chamber of Commerce and the city in the negotiations, and has devoted himself without stint of time or money to this service, and has shown such marked ability which has amounted to positive genius in aiding them in their program, and hence to select Santa Ana as this site.
THEREFORE, BE IT RESOLVED, that we, the Board of Directors of the Santa Ana Realty Board, express our gratification for the selection of Santa Ana as the point at which the Pittsburgh Plate Glass Company will erect its great plant.
That we thank the Chamber of Commerce for the fine way in which this whole matter has been handled and for the success which has resulted from their wise labors.
FURTHER, BE IT RESOLVED, that we express our thanks to the Secretary, Mr. George A. Raymer, for the extraordinary service which he has rendered Santa Ana and Orange County in this great work which has come to this successful fruition, and we pledge to him and the Chamber of Commerce our undivided support.
SANTA ANA REALTY BOARD.

Announcement Is Made Today By G. Raymer

Executive Engineer for Big Concern to Return Here Early Next Fall

THE OPINION of George Raymer, secretary of the Chamber of Commerce, that the Pittsburgh Plate Glass company would start construction work here around September 1 was more or less confirmed by receipt today of a letter from John H. Fox, executive engineer for the company, that he would return to Santa Ana in the fall to give personal attention to the project.
Fox advised that in view of the fact that negotiations had been completed for a site here it would not be necessary for him to return here this spring. Fox has passed much time in Santa Ana investigating local properties and is thoroughly familiar with the situation here, Raymer pointed out.
Borings are continuing to be made on the Neill property at Bristol street and Fairview avenue. Machinery in certain portions of the factory plant is extremely heavy, and it is necessary to have these sections placed on firm ground.
According to Raymer no attempt will be made to draw plans for the building until the soundings have been completed, as the ground strength will be an important factor in influencing the design of the building and placement of the equipment.

JACOBSON CASE TO BE TRIED MAY 27

LOS ANGELES, April 24.—(UP)—Calle Grimes and five police officer co-defendants in the so-called Jacobson "frame up" case must be retried on the conspiracy charge May 27, Superior Judge Walton J. Wood ruled today.
The trial jury in the case was discharged last Saturday night after a deadlock that lasted more than two days and nights. After the discharge, six of the jurors declared a fellow jurymen conversed with defendants by signs and apparently had his mind made up for the defense before evidence was released.
Leonard Evans, president of the Anaheim Chamber of Commerce, officiated as toastmaster, and in introducing Bonnell presented a brief recapitulation of the development of the valencia show and declared the show more a county and state affair than an Anaheim enterprise. When introduced by Evans, the following pledged support to the 1929 show:
Thomas Hurley, San Diego supervisor; Willard Smith, chairman Orange county board of supervisors; A. C. Bradford, Placentia banker and orange grower; John Anderson, San Bernardino supervisor; C. E. Kimmel, mayor of Glendale; Harry G. Clark, mayor of San Diego; Everett Reese, president of the Whittier Chamber of Commerce, and D. E. Martin, secretary, who announced that his organization would contribute the

SOUTHLAND COMMUNITIES AND NEWSPAPER MEN PLEDGE THEIR SUPPORT TO VALENCIA SHOW

REPRESENTATIVES of many southland communities and organizations present last night, at Elks club, Anaheim, to attend the annual dinner given by the management of the California Valencia Orange show, pledged co-operation of their respective cities and concerns to the 1929 show scheduled to open in Anaheim on May 23.
The big dining room in the club house was filled with prominent men from most of the principal cities of Southern California, the group representing city councils, boards of supervisors, rail and motor lines, large industrial concerns, big orange and lemon packing organizations, and the citrus industry.
William G. Bonnell, one of the candidates for mayor of Los Angeles, was the principal speaker. The candidates recited the situation of Southern California building successful and prosperous cities on a desert, emphasizing the important part water has played in converting desert to highly productive lands, and stressing the fact that the energy and vision of early settlers had laid the foundation for the progress that has been made.
Asserting that city residents give little thought to the fact that their existence in a city is dependent to a certain extent on agriculture, Bonnell said a city could not live without an agricultural background but that agriculturists could survive without the city.
Bonnell pointed to the citrus crop of California returning annually a sum in excess of \$50,000,000, and paid tribute to the California valencia show for what it has done and is doing in promoting the big citrus industry.
C. C. Chapman, of Fullerton, regarded as the "father" of valencias, recounted experiences he had in getting people interested in this fruit when he first started marketing products from his orchards 30 years ago. Navels, Mediterranean sweets and miscellaneous varieties were known to the trade while the valencia was unknown. He said that at that time it was almost impossible to sell oranges after July 4. He finally made a connection in New York for his special pack of fruit, and he asserted that it was this connection that led to the tremendous present demand for this fruit. He recounted the sensation he experienced when his fruit sold at public auction in New York at \$5 a box. Chapman gave emphasis to the point that no other fruit drink is comparable with orange juice as a health drink.
Leonard Evans, president of the Anaheim Chamber of Commerce, officiated as toastmaster, and in introducing Bonnell presented a brief recapitulation of the development of the valencia show and declared the show more a county and state affair than an Anaheim enterprise. When introduced by Evans, the following pledged support to the 1929 show:
Thomas Hurley, San Diego supervisor; Willard Smith, chairman Orange county board of supervisors; A. C. Bradford, Placentia banker and orange grower; John Anderson, San Bernardino supervisor; C. E. Kimmel, mayor of Glendale; Harry G. Clark, mayor of San Diego; Everett Reese, president of the Whittier Chamber of Commerce, and D. E. Martin, secretary, who announced that his organization would contribute the

CYCLONE HITS TOWN IN TEXAS AT NOON TODAY

Six Killed and Every House in Slocum Is Leveled By Tornado

ELKHART, Tex., April 24.—(UP)—A cyclone struck Slocum, Tex., about 12:10 p. m. today, leveled practically every house in the village of about 300 people, wrecked the wooden schoolhouse, killed six and injured many, reports received here said.
Three children were injured seriously and may die, F. B. Barker, a prominent citizen who visited the town and returned, reported. He left again a few minutes later with relief workers.
The children were believed to have been caught in the school when it collapsed.
Dead and injured were coming in a constant stream this afternoon to L. G. N. hospital and others in Palestine.
Ambulances and private cars arrived every few minutes.
Four of the six persons killed were children, three of whom were trapped in the wooden schoolhouse when it was wrecked.
The known dead are: Mr. and Mrs. Sam McDaniel. A small daughter of Charlie Turner.
R. W. and Marvin Kirkwood, sons of Ben Kirkwood.
Russell McIver, a boy.
The Turner girl and the Kirkwood children were killed in the school, it was stated.
All houses in the town, about 30, were completely wiped out, survivors arriving here said.

Flyers Believed Ready For S. F. To Honolulu Flight

SAN FRANCISCO, April 24.—(UP)—Although lacking official confirmation, reports persisted here today that Vance Brees and Eric Freeman, local aviators, would attempt a flight from Honolulu to San Francisco next month.
That something is doing in aviation circles was indicated in a cable from Honolulu saying that the Tidewater Oil Sales corporation had signed a contract with two unnamed fliers for a contemplated 15-hour air journey from that city to the mainland.

ANNUAL POW WOW OPENED BY INDIANS

DEL MONTE, April 24.—(UP)—The vanguard of the California Indians arrived here today, led by High Chief Rodney Bridge, of Lodi, in preparation for their 11th annual pow wow and sports carnival.
The organization will go through a strenuous four-day program of golf and trap shooting, starting tomorrow.
Early arrivals in addition to Bridge included Past High Chief George Bare, of Modesto; Phil Herlein, of Oakland; Charles Lindemann, of San Francisco, and Nels Dunn, of Fresno.

AVIATRIX, 17, SETS ENDURANCE RECORD

ROOSEVELT FIELD, L. I., April 24.—(UP)—Elinor Smith, 17-year-old Freeport, L. I., aviatrix, landed at 2:04 p. m., unofficial today after establishing a new endurance flight record for women.
She had been in the air slightly more than 26 hours. The former record was held by Mrs. Louise McPhetridge Thaden, of Oakland, Calif., at 22 hours, three minutes and 12 seconds.

EVANGELIST TO BE USED AS WITNESS

Notified By Attorney That She Might Be Needed In Rebutter for Assembly, HARDY TAKES STAND
Jurist Is Questioned Over Association With Blind Lawyer of Long Beach

SACRAMENTO, April 24.—(UP)—Aimee Semple McPherson today was ordered to appear in Sacramento immediately where she will probably be called to testify as a rebuttal witness for the state in the impeachment trial of Judge Carlos S. Hardy.
Mrs. McPherson was notified through the office of her attorney, Cromwell Ormsby, in Los Angeles. The instructions for her to appear were issued by Assemblyman Walter J. Little of Santa Monica, who explained that Mrs. McPherson "might be needed as a witness with in the next day or so."
It was understood, however, that the state proposes to put the evangelist on the stand to refute testimony given by Judge Hardy concerning his transactions with her and her mother, Mrs. Minnie B. Kennedy, which the bill of impeachment alleges constituted practice of law in violation of the judge's oath of office.
Following his explanation of his interview with Wallace Moore, former Santa Barbara newspaperman, Judge Hardy was questioned by the state regarding his activities in connection with the blind attorney, R. A. McKinley, of Long Beach.
Judge Hardy testified that McKinley came to him with a story that he had talked with two men who claimed to be the kidnappers of Mrs. McPherson. Later the incident was reported to the Long Beach police and to the Los Angeles district attorney's office.
"Did you give a card of introduction to Roland Rich Woolley, Mrs. McPherson's attorney, to be taken to McKinley?" Assemblyman William Hornblower asked.
As the session recessed for the noon hour, Judge Hardy was explaining why he understood that the grand jury investigation of the McPherson disappearance had been "dropped" sometime in July, 1926.

Manager Resigns Over Loss of Rice Worth \$300,000

SAN FRANCISCO, April 24.—(UP)—Disappearance of \$300,000 worth of rice, collateral in a loan from three banks, resulted today in the resignation of Paul A. Du Pont as president and general manager of the Du Pont Milling & Sales corporation.
An attorney for the stockholders declared the firm solvent, even though Du Pont was said to have admitted selling the rice, putting the money back into the business, and losing it in other ventures.

Proposed Sierras Power Line Would Cost \$450,000

CONDEMNATION SUIT WITNESS REVEALS PLANS

That it will cost the Southern Sierras Power company \$450,000 to build its proposed electric power line through Orange county from Seal Beach to San Bernardino and that construction will start immediately after the right-of-way has been secured was declared yesterday on the witness stand in Superior Judge James L. Allen's court by R. A. Dolson, who inspected various possible routes for the concern.

Dolson was a witness in a condemnation suit brought by the company against Arthur A. Davis, owner of property near Garden Grove through which the route would pass.

On cross-examination by Margaret D. Yale, attorney for Davis, Dolson stated that the chief objection to running the line down the Santa Ana river until it could cut across directly to Seal Beach was that it would cross a subdivision and would do more property damage. It would be possible, he said, to get power from a plant in Los Angeles, but in addition to a power line new equipment, costing \$450,000, would be necessary if this plan were followed, he said.

Expert witnesses were on the stand today, telling the jury their estimates on the value of the land which would be taken from Davis by the power line if condemnation were granted. They were questioned by Margaret Yale and by M. B. Wellington, Santa Ana, the latter associated with counsel for the company.

Local Briefs

Joe Cain, state traffic officer, is flashing around Orange county today breaking in a new green roadster he has just purchased to use in his duties of reminding the motorists using the highways in the county that there are rules and regulations to be observed. Cain stated this morning that he was going to equip it with a complete first aid outfit.

After six successful years in the same location, W. Paul Johnson is disposing of his grocery and market just north of Third street on Sycamore street, to take over the state sales organization of the H. W. Turney company, manufacturers of Fil-Kil, which has its office and plant on West Fourth street, in Santa Ana.

PARENT CHURCH OF CHRISTIAN SCIENCE LOSES

BOSTON, April 24.—(UP)—The petition of the Christian Science parent church for an injunction to enjoin the Christian Science mother church from interfering with parent church activities, was denied in Suffolk superior court here today.

The suit had been filed by John V. Dittmore and six other members of the parent church, who charged that a plot existed to accomplish such interference.

Ten specific cases of such alleged interference had been set forth in which mother church members were said to have caused contracts for radio talks, newspapers, insertion of advertisements and other means of spreading the ideal of the parent church to be frustrated.

Dissension between the two organizations arose, it was stated, from the conviction of the parent church that resort to medical science is consistent with Christian Science and that the late Mrs. Mary Baker Eddy must be abandoned as the dominating moral force of the Christian Science movement.

It was charged in the suit that Mrs. Eddy's use of morphine was not a legitimate use thereof for the purpose of relieving pain, but that she was or had been addicted in her lifetime to the use of morphine taken by hypodermic injections.

SECRETARIES' ASSOCIATION TO CONVENE HERE

Men and women of Southern California engaged as secretaries of chambers of commerce and similar organizations will assemble in Santa Ana Saturday for the monthly meeting of the Southern California Commercial Secretaries' association, it was announced today by George Raymer, president of the organization.

Pointing out that the secretaries would be accompanied by relatives and friends, Raymer said it was anticipated that 150 persons would attend the meeting.

Delegates will register at St. Ann's Inn at 11 a. m., and will gather at luncheon at the inn at 12 o'clock. The business session and program will start at 1:15 p. m.

L. G. Arnoll, secretary of the Los Angeles Chamber of Commerce, will be the principal speaker.

Adjournment will be made at 3:30 and the group will go to Balboa for a boat ride late in the afternoon and a dinner at the Yacht club in the evening. Dancing in Newport Beach will conclude the day's program.

SOUTHLAND COMMUNITIES AND NEWSPAPER MEN PLEDGE THEIR SUPPORT TO VALENCIA SHOW

Gregory, of the Santa Fe; J. Frank Burke, Santa Ana Register, and Lotus Loudon, publisher of the Anaheim Bulletin.

SIR AUSTIN LAUDS PLAN OF AMERICA

(Continued from Page 1)

France and the United States, based on their differing circumstances.

Chamberlain said the government wished to take the opportunity to express warm appreciation of the cordial and conciliatory spirit shown by the American delegates at Geneva, and to assure them that it is Britain's earnest wish that complete agreement might be achieved.

Sir Austen pointed out that Anglo-American differences concerned categories alone, not the principle involved nor relative strength. Britain noted with the greatest interest the new criteria established and attached great importance to them.

Kenworthy attempted to needle Sir Austen, recalling "previous incidents of naval discussions," by foreign secretary deprecated "anything tending to diminish the importance of the occasion."

Sir Austen told another questioner that he did not consider the model treaty to strengthen the means for prevention of war adopted by the ninth assembly of the League of Nations, as sufficiently definite to offer a suitable basis of negotiations between Britain and other countries.

MORE FINANCES ARE NEEDED BY S. A. CHAMBER

(Continued from Page 1)

recommended a quiet appeal for new members by the placing of cards in windows of business houses. An intensive drive for members may be made later.

Following declarations by members that success of Santa Ana in getting the big factory organization here was due more to the untiring efforts and capable presentation of the advantages here by Raymer, than to any other cause, Vice President B. E. Morthland, who presided in the absence of President W. C. Jerome, was authorized to appoint a committee to draft resolutions expressing to the secretary the high appreciation of the directors and members for the fine work he has done. Copies of editorial tributes to the secretary are to be added to the resolution and filed in the official records of the chamber. J. P. Baumgartner, who moved appointment of the committee, Bob Fernandez and Walter Vandermast were named to the special committee.

The coldest town on the British Isles is Braemar, which has an average yearly temperature of 11.3 degrees above zero.

SCHOOL BOARD PLANNING FOR BOND ELECTION

(Continued from Page 1)

dent of the board, was authorized to appoint a group from the board to meet with a committee selected from the citizens' advisory committee for the purpose of devising a building program plan for the elementary schools, including recommendations for sites. These two committees will be asked to report to the board of education at a special meeting to be held next Tuesday. The program devised in this manner will give the board a definite proposal on which to work. Discussion of the proposed plan next Tuesday is expected to result in a more or less definite plan being approved.

The board last night started the ball rolling by voting to buy 2.8 acres of land at the corner of Lincoln street and Washington avenue for \$8000. This purchase was made in lieu of enlarging the Logan street school site, which must be abandoned.

Drake reported last night that District Attorney Z. B. West Jr. had informed him that he could see no legal reason why the board should not go ahead at once with bond election proceedings. Settlement of the annexation controversy between Santa Ana and Orange over territory north of this city which finally was awarded to Orange as a result of an appellate court decision, has ended legal complications which have stood in the way of a bond election.

According to Drake, conditions are so crowded that, unless a bond issue is voted, it will be necessary to house pupils at the Artesia school in tents or makeshift buildings. J. E. Allison, architect, presented a preliminary sketch of a possible structure to replace the Logan school, which has been leased from the county and must be vacated. The board was unable to take definite action regarding the structure owing to the fact that the site has not definitely been secured.

The total value of the White House and its grounds is estimated at about \$21,936,000.

Legion Will Take Up Memorial Day Plans At Meeting

Final arrangements for Memorial day observances by the American Legion post here will be made at a meeting to be held in the Legion hall at 8 p. m., tomorrow, according to an announcement made today by Franklin G. West, commander. Plans for decorations on

graves of departed veterans will be outlined.

The question of participation in a rodeo, to be staged here soon by the Scots, will be up for discussion at the same session.

Through the courtesy of Earl Morrow, Lester Steinkopf has arranged for the appearance of L. A. Parks, Los Angeles, who will bring a television machine with him and will demonstrate its operation. Morrow will display photographs of Civil war days. A quartet of Santa Ana telephone operators will entertain the group.

FIND DEATH OF WATCHMAN DUE TO EXCITEMENT

Acute dilation of the heart, the result of excitement when he discovered two men stealing oil well supplies, caused the death of Charles Egan, 55, night watchman at the Julian M. Freed well, on the Lindner lease north of Huntington Beach, a post mortem conducted in the Dixon Funeral parlors, Huntington Beach, revealed this morning.

According to information given Coroner Charles Brown by W. E. Seckington, a pumper employed on a nearby well, Egan ran to him yesterday with a story of two men stealing oil tools and a pump. Seckington declared that Egan was white faced and shaking. Seckington refused to accompany Egan to the Freed well as he was unarmed. He advised Egan to drive his car to the Huntington Beach police station for aid.

Several hours later Seckington discovered Egan's body in his car in a nearby field. The machine was in gear and the watchman's body was slumped over the wheel.

Funeral arrangements had not been completed today. Egan lived at 5211 Locust avenue, Long Beach. He is survived by a nephew, H. B. Humple, also of Long Beach. Huntington Beach police officers declared today that they had clues to the identity of the thieves and were confident that they would be arrested within a few days.

Tax on playing cards in this country in 1928 yielded 13 times as much revenue as in 1920.

COULD NOT SLEEP NIGHTS

Helped by Lydia E. Pinkham's Vegetable Compound

Fairhaven, Mass.—"I am taking Lydia E. Pinkham's Vegetable Compound during the Change of Life. When I feel nervous and run-down my husband gets me a bottle right away. It is a great help to me and I think that if other people would only take it when they feel all run-down and take it as the directions say, they would find it a great benefit. My worst symptoms were nervousness and tired feelings. I could not sleep nights and I was so nervous I would cry if anyone looked at me."—Mrs. Ada Besse, 196 Washington Street, Fairhaven, Mass.

Announcement

Because of the tremendous public interest in

Frigidaire "Cold Control" Demonstration

We Have Decided to Continue It Until

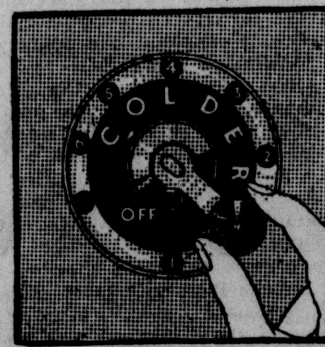

Tuesday, April 30

COME IN AND SEE THE NEW FRIGIDAIRE—THE NEW COLD CONTROL AND WHAT IT DOES IN SPEEDING THE FREEZING OF ICE CUBES AND DELICIOUS DESSERTS.

Delicious frozen desserts will be served. Valuable books on refrigeration will be given away. You will have an opportunity to operate the new "Cold Control"—to see exactly what it does and how it does it. And, in addition to all this, the most sensational line of automatic refrigerators ever announced will be on display. Be sure to attend.

You will be well repaid if you visit our show-rooms and learn how the new "Cold Control" speeds the freezing of ice cubes, salads and desserts—let us show you how Frigidaire will give you a wide variety of frozen delicacies never before possible. During the entire demonstration we will serve delicious frozen desserts made from regular Frigidaire recipes.

Frigidaire's

Cold Control

Special Offer Until April 30 Only

We are prepared to make a special offer to all who buy a Frigidaire during this demonstration. Let us tell you about this offer. Let us give you the surprisingly low prices. Let us tell you about the liberal General Motors payment plan. Come in tomorrow or at your first opportunity. We will be open evenings until 9 o'clock each night during the demonstration.

Mass production has enabled us to offer you the newest Frigidaire models at the lowest prices in Frigidaire history—let us explain our easy payment plan. We have a Frigidaire for every sized family at a price within reach of every pocketbook.

A WORD OF COMFORT

The fact that you are trying so hard to be brave is no symptom of pious acquiescence in sorrow as if you thought God had sent it to you and that you must learn to endure it.

Nay, yours is the courageous spirit of one who, by God's grace, is determined to transform what looks like a supreme catastrophe into a gateway into a more intimate touch with the loving Father who has promised "in a little while ye shall be together again, and for evermore."

You are able to go on because you trust Him.

PELTON—In Santa Ana, April 21, Cora Belle Pelton, passed away at the family residence, 1517 N. Main St. Services will be held from the Winbeler Funeral Home Thursday, April 25 at 10 A. M., followed by interment in the Fairhaven Cemetery. She is survived by her husband, Leander Pelton, one daughter, Mrs. Dan Morgan of Des Moines, Iowa, and one son, W. L. Pelton of this city.

CASTELLO—April 23, 1929, at his home, 125 West 5th Street, Frank A. Castello, age 54 years. Funeral services will be held tomorrow at 10 o'clock at the Guadalupe Catholic church, under the direction of Harrell & Brown. Interment in Santa Ana Cemetery.

City authorities of Canton, Mo., evolved a new system of clearing clogged sewers by attaching 350 feet of rope to the tail of a snapping turtle and send it through the sewer.

SCHOOL BOARD DECIDES UPON REPAIR METHOD

After reopening discussion as to the best method of repairing a crack in the brick boiler house constructed recently at the Santa Ana high school under the supervision of Holmes and Sanborn, Los Angeles engineers, the board of education last night conferred with J. T. Holmes and R. C. McMillan, contractor, and finally approved what was termed the "three jack" scheme of remedying the defect. This method provides for supporting the settled and cracked portion of the structure with three jacks while the foundations are rebuilt. The cracked wall will be rebuilt and the building plumbed.

Following an unsuccessful attempt to convince the board that it should bear part of the expense of making the repair, Holmes admitted that it was not responsible. McMillan estimated that the work would cost approximately \$350. The plan suggested by Holmes would have cost \$100.

Blames Supply Company

Holmes contended that his firm, as supervising engineers, was not responsible and declared that the blame for the defect rested with the Pacific Pipe and Supply company, which is said to have allowed water to gather in a sump, thereby soaking the ground near the foundation and allowing the corner to settle.

The board told McMillan that he was completely exonerated of blame in the affair. He constructed the building as Holmes and Sanborn were "supposed to supervise it," Herbert L. Miller stated. He carried out plans and specifications and could not be held responsible if supervision did not prevent an accident outside his control, said Miller, pointing out that Holmes and Sanborn had been employed for the express purpose of preventing such an accident.

Holmes contended that his firm's responsibility was to see that the ultimate result was a building constructed according to plans and specifications and that it could not dictate to contractors that the plans and specifications did not call for a crack in the northeast corner of the structure.

Ball Scores Engineers

Dr. John Ball, president of the board, replied to Holmes' accusations that the board was taking an arbitrary stand in the matter by pointing out that Holmes and Sanborn had been just as arbitrary. They were employed, he said, to find out that the building would cost \$24,000. Final figures showed, he pointed out, that it would cost \$32,000. The board, he declared, had made no objection to this situation and indicated that he could see no reason why Holmes and Sanborn should argue over \$350. Holmes said his firm would stand part of the cost under his plan of repair.

With Holmes still wondering who was to pay for the repair, the board dismissed the matter, pointing out that it had indicated what it wanted done to make the rebuilding acceptable. Holmes had admitted the board was not responsible and it was explained that as far as that body was concerned the matter was settled. Holmes was told that if he wished to take a chance on the board accepting the building after his own method of repair had been used, he was free to try that method.

A new laboratory in Berlin, Germany, is equipped to produce temperatures as low as 452 degrees below zero, or about 8 points from absolute zero.

Justice Court Of S. A. Ranks Third In 1928 Business

Santa Ana justice court ranks third in the state in the number of criminal cases disposed of during 1928 and holds fifth place in the number of criminal actions filed in the same period, according to statistics compiled in the second annual report of the judicial council to the governor and state legislature, a copy of which was received this morning by Justice Kenneth Morrison.

The rating, as recorded in the report, which shows the work handled by all courts of the state, places Sacramento first in number of criminal cases disposed of with 2105. Riverside follows with 1641 and Santa Ana ranks third with 1543. In criminal actions filed, Berkeley heads the list with 4987; Sacramento, with 2208, places second; 2200 gives Riverside third; Fresno hold fourth with 2149, and Santa Ana comes fifth with 1754.

BRANDRIFF ART NOW ON EXHIBIT IN LOS ANGELES

Attracting the attention of art lovers and critics is a masterly exhibit of canvases from the brush of George K. Brandriff, which opened Monday in the Biltmore salon, Los Angeles, to remain until May 11.

Brandriff, whose home is in Laguna Beach and who married Miss Frances Conder, of this city, daughter of Mrs. E. H. Prince, 642 North Parton street, is recognized as one of the most prominent members of the California Art club, the Painters of the West and the Laguna Beach Art association. He has been honored with four prizes during the last year alone.

His exhibit at the Biltmore is of 32 paintings, many of them depicting scenes familiar to Southern Californians. Of his abilities, a critic recently said: "George K. Brandriff is both poet and analyst. He refuses to be absorbed by a single theme and paints what interests him with such spontaneity and vigor that you cannot miss the message of his canvases."

Edgin Quits Post In Juvenile Home

Willis E. Edgin, instructor in the juvenile detention home, submitted his resignation to the board of education last night. The board accepted the resignation and elected Otto A. Fisher, of Anaheim, to replace Edgin, who has been in charge of boys in the juvenile home.

Edgin was reported to have attempted suicide several days ago. He was found in his car near the Pacific Electric railway crossing on McFadden street. An empty bottle, said to have contained four ounces of carbolic acid, was found nearby. Edgin was taken to the Santa Ana Valley hospital.

A. A. BROCK TO MAKE STUDY OF FLORIDA PEST

Joining the rapidly growing army of Southern California citrus experts who are gathering in Florida to study means of combating infestations of the Mediterranean fruit fly there, and to assist in combating its ravages in orange groves, County Horticultural Commissioner A. A. Brock left Santa Ana today for Jacksonville, Fla.

The board of supervisors yesterday dispatched Brock to the "battleground" where the fight is being waged to have the citrus industry from the most dreaded pest known. Brock will work under the control crew now in the field, which is attempting to discover means of ridding Florida of the fly. He will study methods adopted there and gain first hand knowledge of tactics and "ammunition" used in fighting the pests.

Gov. C. C. Young recently suggested that counties in the citrus belts send men to Florida, not only to assist in the work of battling the fruit fly but also to learn what methods prove successful and how they are carried out. It is not thought probable that the fly will reach California and rigid quarantines are being maintained to prevent its spread. However, it is felt that first hand knowledge of methods of eradicating the citrus enemy should be obtained in order that immediate and effective action could be taken in case the pest should appear here.

In journeying to Florida, Brock joined horticultural commissioners from other counties, including H. J. Ryan, Los Angeles county; A. E. Bottell, Riverside county; A. H. Call, Ventura county, and T. D. Urbahn, Sutter county.

Local Briefs

The board of supervisors today had appointed Henry J. Lockett as a member of the board of directors of the Serrano irrigation district, which includes territory east of the city of Orange. Lockett was selected to fill a vacancy caused by the resignation of W. M. Popplewell. Both men reside in the same district.

Ben Crews, 44, and Beaulah Phillips, 33, of Santa Ana, have been granted a marriage license in Riverside.

Thomas H. Smith, 21, of Santa Ana, and Lillie L. B. Huffman, 18, of Tustin; Roxana Huffman, 21, of Tustin, and John T. Crawford, 22, of Calexico, and Doris Lobo, 18, of Santa Ana, and Ivan Serrano, 22, of Corona, have applied for marriage licenses in Riverside.

Thursday Current Events club members, who were to have met tomorrow with Mrs. George Eber-sole, 202 West Nineteenth street, have been notified that their meeting has been postponed until Friday afternoon at 2, in order to avoid conflicting with the Federated Missionary society, meeting tomorrow in the United Presbyterian church.

Foot Infection Under Control Board Informed

Dr. G. C. Ruble, school physician, made a detailed report to the board of education at its meeting, last night, covering particularly physical examinations of students.

The foot infection which appeared some time ago among students apparently has been brought under control, Dr. Ruble's report indicated. The situation has improved everywhere except among high school boys, he said. Everything possible has been done by the school authorities in curbing the infection but it only can be stamped out through co-operation of all students, he indicated.

Dr. Ruble stated that the question of making examinations of school children's eyes had been brought to his attention and that optometrists of the city would be willing to undertake the project. The board took the matter under advisement. Dr. Ruble, while not recommending the plan to the board said he felt that many children would be benefited by the survey and that none would be harmed.

INSTALLATION WILL FEATURE D. A. V. MEETING

Jack Fisher chapter, No. 23, Disabled American Veterans of the World War, will meet at 6:30 p. m., today, in the Santa Ana cafe, where new officers for the year will be installed and new members initiated.

Quentin Roosevelt chapter, Disabled Veterans, of Los Angeles, will send a drill team to the meeting to perform the duties of initiation.

L. A. Riehl will be installed as commander and will be supported by the following officers, also to be installed for the coming year: Ed Struble, senior vice commander; David R. Day, Fullerton junior vice commander; Frank Wolters, state executive committee.

Other officers will be appointed at the meeting by the commander and installed with the elective officers.

To climax the evening of comradeship and entertainment, to which the public of Orange county is invited, State Commander William J. Murphy has secured the services of the internationally famous J. M. de Beaufort, lecturer, author and war correspondent during the World war for the London Daily Telegraph, who will tell of some of his experiences and secret missions to Germany during the World war. His two books, "Behind the German Veil" and "Through Forbidden Germany," are considered among the most authoritative materials on Germany.

EXCHANGE CLUB IS ENTERTAINED BY TINY DANCER

Gloria Clem, 6, daughter of Mr. and Mrs. Stanley Clem, held the center of the stage, yesterday, at the meeting of the Santa Ana Exchange club, in the Santa Ana cafe, when she gave a remarkable exhibition of dancing which captured the interest of the club members and guests.

Accompanied by Bartley Sims, at the piano, Little Miss Clem executed a series of difficult steps and maneuvers which supported her reputation as Orange county's youngest successful dancer.

Earl Ruddy, secretary-manager of the Business Men's association, of Santa Ana, talked to the group on credit, which he declared was the controlling factor in business today. Orange county, he declared, probably is better protected in a credit way than any other county in the country. Despite this fact, he said, there is lost in Santa Ana alone at least \$500,000 a year in "dead money," which could be saved by universal use of a simple credit reporting system.

The club accepted an invitation to attend the regular meeting of the Newport Beach Exchange club, in the American Legion hut, there, next Wednesday. The session will be the second joint one held recently, the Newport Beach group having been at the Santa Ana meeting last week.

Increased County Support For T. B. Association Asked

A committee representing the Orange County Tuberculosis association, and headed by H. A. Lake, president, conferred with the board of supervisors yesterday on the possibility of increased county support for the work the organization is doing here.

Willard Smith, chairman of the board, appointed a committee to

work on the proposition and determine what arrangement it might be advisable to make.

He named on the committee County Auditor W. C. Jerome, Sutherland, health officer.

Broadway Silk Shop

224 N. BROADWAY

SILKS

Do Your Frocks Have Fashion's Approval?

"Yes," you will say, when you have purchased from the wide selection of silks that are assembled for your choosing. Every day our patrons are proving to us the correctness of style, weave, color and price of these prints.

40-Inch Printed Georgettes, \$1.95.

THE WILLIAMS RECORD, TUESDAY, MARCH 26, 1929

'OLD GOLD' CHALLENGES AND WINS IN CIGARETTE 'TEST'

Challenging the statement appearing in the columns of THE RECORD of February 26 that Williams men have a distinct preference for... cigarettes as proven by the fact that that brand outsells competitors in local shops, the Old Gold company last Friday afternoon conducted one of its famous "concealed name tests" at Williams. As a result, Williams has joined the growing list of colleges and universities which have given Old Gold a plurality in such a contest, for out of the 234 votes cast, the challenging brand received 66 first choices, while two other leading makes could do no more than tie for second place with 59 votes apiece, and a fourth prominent brand received 50 preferences.

To admit no unfairness into the test, each brand of cigarette was denoted by one of five possible numbers, stamped on the black band concealing the name, so that comparison of numbers among those taking the test would have been difficult. The results of the voting, done entirely by number, were checked up by Seeley '29, and A. Clark '30, Business Manager and Assistant Business Manager of THE RECORD.

As a result of the try-outs held last Friday...

The four leading cigarette brands... "masked" to conceal their brand names.

S. A. CHAMBER'S ROAD PROGRAM IS ANNOUNCED

Completion of Manchester boulevard from Venice to Santa Ana; extension of Glassell street, Orange, south to a connection with Grand avenue, Santa Ana; extension of Century boulevard, from Garden Grove to Santa Ana, and opening South Main street to Corona Del Mar are the immediate objectives of the good roads committee of the Santa Ana Chamber of Commerce, it was revealed in a report submitted by the committee to the board of directors at its meeting at the chamber at 9 a. m. today.

The committee did not outline its report methods by which it will attempt more activity in these projects. Col. S. H. Finley reported that the committee had conferred with Supervisor Willard Smith with reference to the Glassell street program and that it was expected the committee would meet with Supervisor John Mitchell, in a day or two, to discuss the Century boulevard extension.

The directors approved a proposal to change the name of the California Development association to the California State Chamber of Commerce. The organization has functioned for a long time as a state chamber and it was pointed out that the suggested name would be more indicative of its work than the name under which it has been operating.

Harry Hanson, W. S. Suddaby and G. J. Daly were named as a committee to ascertain the attitude of the Union Pacific and Santa Fe officials with reference to application to the interstate railroad commission by the Northwestern and Western Pacific for permission to build a line in the timbered districts of northern California. The transportation committee recommended adoption of a resolution opposing granting of the petition by the rail commission.

C. L. McPaul, assistant traffic manager of the Southern Pacific explained the situation which has resulted in the Southern Pacific Union Pacific and the Santa Fe making a direct appeal to the public to oppose the application. He asserted that it is proposed to build the new line into territory already adequately served by the Southern Pacific and he stressed the economic value of avoiding unnecessary competitive lines.

The chain of office worn by the mayor of Middleborough, England, although bought 50 years ago, is not paid for yet. Only \$885 have been paid of the original price of \$1250.

PARENTS URGED TO SEND BOYS TO C. M. T. CAMP

Parents of youths qualified to take advantage of the recreation and training offered at government expense in the Citizens' Military Training camps next July were urged in a statement issued this morning by Herman J. Zabel, in charge of the applications for the Santa Ana district, to acquaint themselves with the opportunities offered and to co-operate in making applications promptly if they wish their sons to be enrolled.

The purpose of the camps, as stated by the government, Zabel pointed out, is to bring together young men of high type from all sections of the country and thereby develop closer national and social unity; to teach the privileges, duties and responsibilities of American citizenship; to stimulate patriotism; to interest young men in the importance of military training; to teach self-discipline and obedience and to develop the physical standard of American youth through participation in military exercises, athletic games and sports, conducted under expert directors.

Lieutenant Zabel announced that the government recently had issued a circular concerning the camps in which the following statement to parents was incorporated:

"Every candidate will be required to furnish a certificate as to moral character, given by a school teacher, clergyman, rabbi, priest, army, navy or marine corps officer, or any prominent and reputable citizen who is personally acquainted with the candidate.

"The parents of a healthy, enthusiastic boy who wants to go to a training camp should not hesitate to encourage him. He will be well cared for. Under the observant eyes of experienced officers he will learn the meaning of discipline and good citizenship. He will develop alertness and self-reliance. He will return home bigger, stronger and better. His welfare will be carefully guarded. Healthy, wholesome recreation will be provided for leisure hours.

"A visitors' day will be held at each camp when all parents will be welcome and have an opportunity to observe the training given. You are invited to visit the camp that day or any other day convenient to you and see how your boy lives and learns. You will note the soldierly bearing, the order, neatness and sanitation required from all. Your boy will be accorded the treatment of a man; and when he returns to you at the conclusion of the camp, he will have developed a larger sense of his responsibility as a future citizen of the United States."

The chain of office worn by the mayor of Middleborough, England, although bought 50 years ago, is not paid for yet. Only \$885 have been paid of the original price of \$1250.

PRIMITIVE LIFE IS THING OF PAST IN SOUTH SEAS, ASSERTS WINBIGLER, WRITING REGISTER

Primitive life of natives of the South Seas is rapidly disappearing under the teachings of civilization, according to observations of T. A. Winbigler, who recently visited the island group and who relates some of his experiences in a letter to The Register. Winbigler was in Sydney, Australia, when he wrote the following on March 18:

"Two and one-half months of the several that were allotted to my trip of the South Seas and Orient are now past. I find myself ready to sail from Sydney northward to Borneo and Java where several weeks are to be given in studying the marvels of that most interesting group of islands.

"The Stars and Stripes I last saw floating at that small and most southern point of Uncle Sam's possessions, Pago Pago, our American Samoa, some 2500 miles southwest of the Hawaiian Islands. This is a very small harbor most beautifully situated, mountains rising rather abruptly from its sides and heavily covered with dense tropical growth, always clean and green as a result of heavy rains which are almost continuous. An annual rainfall of 220 inches is had there, although last year 280 inches of rain fell. It is entirely a naval station, a rather lonely, but beautiful, place for navy men to spend two years which they are expected to remain there.

"Visits Suva, Fiji
"A three days' said then took us to Suva, Fiji, a British possession. There I disembarked from the American line and took ship for three weeks among several smaller islands of the South Seas, these being principally the Fiji, Tonga and Samoa groups. While it was my desire to visit places remote from regular paths of travel and study natives still in the primitive life, I was surprised to find the original and typical life of early savage natives to be fast disappearing under the teachings of civilization. Instead of the bolo, war club, spear and shield, I found much more frequently the Bible, educational books, schools and churches. I found the people on all the islands visited to be most friendly and simple, many of whom spoke English quite well and evinced much interest in the foreigner, such as I, coming to visit them. They live mostly in little villages consisting of bamboo palm-thatched huts, with only earth for a floor. Many huts have for sides ingeniously-made curtains of coconut-palm leaves that can be raised and lowered as weather demands. They sit and sleep on a piece of native-woven matting, pillow their heads upon a short piece of bamboo, which is raised from the ground about four inches on wooden pegs, and is both solid and hard.

"When I entered their huts, they usually brought their best piece of matting for me to sit on, and, gathering about, studied me curiously. They frequently took my hand and looked closely at it. My tortoise-shell glasses were a great wonder to them. I permitted some to take them from me and put them on themselves, and they would laugh heartily. They often brought forth a ukulele or guitar and sang and danced for me, as I reclined upon a new piece of matting. They loved to be photographed and would gather about doors of their huts in dress or in

Ice Hockey Stars Clash Tomorrow

LOS ANGELES, April 24.—A second sensational ice hockey exhibition is expected here tomorrow night when the Vancouver Lions meet Hollywood Millionaires in another match of the five-game series. The Canadians will play in Southern California. The Lions won the first game from the Millionaires by a 2 to 1 score after a five minute extra period.

PRIMITIVE LIFE IS THING OF PAST IN SOUTH SEAS, ASSERTS WINBIGLER, WRITING REGISTER

Primitive life of natives of the South Seas is rapidly disappearing under the teachings of civilization, according to observations of T. A. Winbigler, who recently visited the island group and who relates some of his experiences in a letter to The Register. Winbigler was in Sydney, Australia, when he wrote the following on March 18:

"Two and one-half months of the several that were allotted to my trip of the South Seas and Orient are now past. I find myself ready to sail from Sydney northward to Borneo and Java where several weeks are to be given in studying the marvels of that most interesting group of islands.

"The Stars and Stripes I last saw floating at that small and most southern point of Uncle Sam's possessions, Pago Pago, our American Samoa, some 2500 miles southwest of the Hawaiian Islands. This is a very small harbor most beautifully situated, mountains rising rather abruptly from its sides and heavily covered with dense tropical growth, always clean and green as a result of heavy rains which are almost continuous. An annual rainfall of 220 inches is had there, although last year 280 inches of rain fell. It is entirely a naval station, a rather lonely, but beautiful, place for navy men to spend two years which they are expected to remain there.

Attends Church
"I often attended church and sat on matting like natives. Their services are, of course, in native tongue. They are wonderful singers, our own Christian songs being translated for them.

"I witnessed the unique sight of seeing a young native struck with a club by an impressively dressed and stern-visaged church guard because he chose to remain seated during the singing of the hymn. I tried to imagine this being done in our own churches, and thought that perhaps it might not be a bad plan to introduce. They must stand in proper reverence, or receive a beating. I reluctantly left these islands with their kindly natives and proceeded to New Zealand, where two weeks was given.

"This is a much more extensive country than I at first realized. I motored the several hundred miles from Auckland to Wellington, stopping at mountain and lake summer resorts, where hot medicinal baths are given. There are many beautiful lakes in New Zealand, where trout up to 15 pounds bite readily, and about which only deer of over 10 points are selected by hunters, 50 each being the season's limit. Several wonderful thermal regions exist where boiling lakes and ice pools lie side by side and geysers throw themselves to a great height at regular intervals. The caves here, also, are wonderful, especially those lighted by millions of glow-worms, and in which I took a boat ride on a river far within the mountainside.

"The two weeks allotted to New Zealand were insufficient and it was necessary to forego the pleasure of visiting the southern half, which is known as the South Island.

"Four days by steamer then brings one to Sydney, Australia. This country, large as the United States, has but a population of six million, 50 per cent of which is

in capital cities, Sydney being nearly two millions, and Melbourne one million. Its vast areas are given mostly to sheep and cattle. Low rainfall and much poor soil renders its production very low per square mile. But little manufacturing exists, the larger part of that which is required being imported. Its exports consist mostly of products of the cattle and sheep ranges, and some wines. The country is very heavily over-farmed, is indebted to England near its capacity, and is now organizing a "commonwealth loan" to pay interest and provide new principle.

Labor Union Troubles
"The continent is burdened with labor union troubles, the government itself being largely labor-union. Many large enterprises are hampered by the demands of these unions. While Australia has vast coal mines, yet that it can be imported cheaper than it can be mined on account of demands of labor, the mines, therefore, remaining shut down, creating a condition that is disastrous, especially as Australia has no oil

fields. This necessitates the oil being brought from America and sold here at from 50 to 75 cents per gallon.

"Transfers of property and general business here is at a low point. The papers yesterday told enthusiastically of plans of a certain millionaire distiller to immediately build three more distilleries in Australia, stating that he promised to give Australians cheaper drinks. This, according to the article, would mean more whiskey consumed, and therefore more and better business. From my viewpoint as an observer, the drinking here of cocktails and whiskey straight is already the most popular form of indoor sports. "Railways are government owned, having been built by the several provinces, and are of four different gauge widths from 3 feet 8 inches to 5 feet 3 inches, necessitating much extra handling in shipments and changes by passengers. This would cause a serious condition in case of needed defense. Imagine the United States with railroads from the Atlantic to the Pacific, each built in widths of

four different gauges! "In four days I said for Borneo and Java, thence to Calcutta, Siam, Manila, China, Japan, Honolulu, and then, best of all—Home Sweet Home."

No More Gas In Stomach and Bowels

If you wish to be permanently relieved of gas in stomach and bowels, take Bealman's Gas Tablets, which are prepared especially for stomach gas and all the bad effects resulting from gas pressure.
That empty, gnawing feeling at the pit of the stomach will disappear; that anxious, nervous feeling with heart palpitation will vanish, and you will again be able to take a deep breath without discomfort.
That drowsy, sleepy feeling after dinner will be replaced by a desire for entertainment. Bloating will cease. Your limbs, arms and fingers will no longer feel cold and "go to sleep" because Bealman's Gas Tablets prevent gas from interfering with the circulation. Get the genuine, in the yellow package, at any good drug store. Price \$1.

Parking Down Town

It is not always convenient to find a parking space, so Seidel's Markets have arranged to give special attention to telephone orders. Deliveries leave the downtown market at 8:30, 10:30, 2:30 and 4:30 each day. Many housewives have found this service mighty convenient and very satisfactory. Telephone orders are given the same attention as when the housewife calls at our downtown market personally. Whether you buy a pound of hamburger or a more expensive purchase, you receive the same courtesy and service. For the convenience of North Side residents, Seidel's markets operate a modern sanitary market at 1301 North Main Street, where the same fancy quality meats, United States Government Inspected, are sold. If you are not already a patron of our markets and have not availed yourself of this splendid service, try it.

A good investment

Because—De Soto Six is the only Chrysler-built six listing for as little as \$845.

Because—De Soto Six was designed by the same group of engineers, whose genius confers on all Chrysler-built cars the unmistakable attributes of leadership.

Because—Chrysler craftsmanship—aided by the unique Chrysler principle of Standardized Quality—has attained a masterpiece in the creation of De Soto Six.

Because—All the vast resources of Chrysler Motors—all the advantages resulting from the common policy of engineering, purchasing, man-

ufacturing and financing—are crystallized in De Soto Six in a manner that cannot be equalled by any other manufacturing source.

Because—De Soto Six truly expresses the applied significance of Chrysler genius, and the inimitable means whereby Chrysler Motors constantly seeks to achieve the greatest values in the motor world.

Those who fail to discriminate in the purchase of a motor car often spend more and get less. Guard your expenditure by telephoning us or calling at our showroom, and we will be glad to demonstrate the soundness of your investment in a De Soto Six.

WILL CONSIDER CHARACTER IN NEW GRADINGS

Convinced that character traits will mean more to boys and girls after they enter the business world

Pimples Go—Skin Clears Using Invisible Zemo

In a surprisingly short time, such skin troubles as pimples, itching rash and blemishes vanish—the skin clears—when soothing, cooling Zemo is used. And in 20 years this wonderful antiseptic emulsion has seldom failed to relieve the most stubborn cases of Eczema. Have invisible, odorless Zemo always on hand to relieve skin irritations instantly. All drug stores—35c, 60c and \$1.00. Get a bottle today.—Adv.

than will the mastery of academic subject matter, Miss Olive Wagner, principal of the Spurgeon school, has introduced a new grading system for students of the first six grades.

The first report cards under the new system were sent out yesterday. It is the primary introduction into Orange county of the fixed principle commonly accepted by business men, that character traits are necessary.

The mastery of subject matter will improve if the following character traits are perfected: reliability, obedience, punctuality, industry, self control, social attitudes, initiative, personal habits, thrift, self control, personal habits and adjustment. This has been proved in other states where the new method has been in use.

"Real education which should alone be compulsory," Miss Wagner declared, "means teaching the child to be clean, active, honest and useful. We have been employing the new grading system for only a month here, but feel that it will be an unqualified success because good character qualities lead inevitably to a mastery of subject matter."

B. P. W.'S FUND FOR S. A. MEET PASSES \$1000

It seemed especially fitting that Monday's entertainment at the Business and Professional Women's club meeting at St. Ann's Inn should be in the form of song, for members were so jubilant at having passed the \$1000 mark in their convention fund campaign that music was an expression of their feelings.

The songs were provided by Miss Lucille Bush, a talented member of the Orange Business and Professional Women's club, who was presented by Miss Ethel Coffman, of the April social committee. With Mrs. Marie Fowler as accompanist, Miss Bush delighted her audience with her clear soprano voice, vibrant with youth and power. Her numbers included "Just Count the Stars" and "One More Day," with "Why Don't You Ask Me," by Lohr, as the hitting little encore number. At the close of the luncheon, Miss Bush consented to sing another number, the triumphant "Joy of Living," by Dorothy Forester.

Miss Winifred Iman and Mrs. W. W. Gardner were guests of the club. Business matters introduced by the president, Mrs. John A. Tessmann, included the announcement that the city council had given the sum of \$350 to aid in convention expenses, allowing the clubwomen to choose the souvenirs that would be distributed to all visiting members as the gift of the city. Little jars of the famous Taylor preserves were chosen and a sample, with its colored cellophane wrappings, was displayed by Mrs. Hazel Northcross.

Monday, April 29, was announced as the date of the annual program by members of the executive board, but details of the meeting will be kept as a surprise feature. Miss Mabel Larick announced the annual Boy Scout jamboree for May 10, at which the B. and P. W. club will have charge of the white elephant booth. Contributions were asked for this feature and may be taken to the club at any of the coming meetings.

Crab spiders of Brazil have legs that occupy a surface nearly a foot in diameter. Their bodies are seldom more than two inches long.

Quilting party Is Held In Home

PLACENTIA, April 24.—An old fashioned quilting party was held in the home of Dr. Beatrice McMullen Tuesday, when the guests finished a quilt which had been pieced 45 years ago.

Those taking part in the quilting afterwards were guests of Dr. McMullen at dinner and were Mrs. Antoinette Nanno, her sister, Mrs. Angela Emerick, Mrs. Sarah Berberich, of Los Angeles; Mrs. Edward Stark and Mrs. Willard Smith, of Fullerton, and Miss Faustina Nanno.

LEGION WOMEN PLAN DINNER AS SCOUT BENEFIT

Plans today were announced by Mrs. Myrtle Cain, of the American Legion auxiliary, for a dinner to be held Friday night, May 10, as a benefit to the Boy Scouts and a feature of the annual Scouts' jamboree.

"Everything above the actual expenses of the dinner will be donated to the Scouts and we hope to have at least \$100 for them," declared Mrs. Cain, who stated that the auxiliary also had the popcorn concession at the county fair grounds, where the jamboree will be held, and expected to realize an additional sum for the Scouts from that enterprise.

Mrs. S. M. Hill has been named as general chairman of the dinner committee, with Mrs. Alma Maier as her chief assistant and other members to work under their direction. Mrs. Emma Penn will have charge of the tables. Dinner will be served from 4:30 to 7:30 in Leke hall, the auxiliary members having decided that patrons would prefer dining in the city on their way to the jamboree, rather than in the excitement and confusion prevailing on the grounds.

Cafeteria style will be adopted for serving and a choice will be provided between roast pork and roast beef, and in other items of the menu. A nominal price has been set for the tickets, so that everyone will feel able to patronize the auxiliary cooks.

BRADY RAMSEY CHANGES PLEA TO NOT GUILTY

Brady Ramsey, 26, of Long Beach, took steps yesterday which may lead to a long term in San Quentin and Folsom prisons. But Ramsey hopes his surprise move will lead to acquittal on four felony charges, one of which has been filed and the other three of which probably will be entered tomorrow by District Attorney Z. B. West Jr.

Last Friday Ramsey pleaded guilty to a charge of assault with a deadly weapon with intent to commit murder. He was to have been sentenced yesterday in Superior Judge James L. Allen's court. Instead of taking his "jolt," Ramsey reversed his plea through Otto Jacobs, his attorney. Jacobs asked the court to authorize association of Moses Davis, Los Angeles attorney, as defense counsel. Ramsey pleaded guilty last week after conferring with Jacobs.

Today charges of escaping an officer, robbery and operation of a still were to be filed against Ramsey. All the charges will be tried at once, on May 23, as a result of today's proceedings. Ramsey waived his right to a jury trial. The charges arose after he and his companion, Leslie Magnusson, were arrested by Chief Criminal Deputy Sheriff Floyd W. Howard. Ramsey is said to have attacked Ramsey at that time.

Sentences on the felony charges if Ramsey is convicted, would be expected to run consecutively. At completion of the first term at San Quentin Ramsey would be eligible to serve his second term at Folsom.

Daughters Hold Benefit Affair

PLACENTIA, April 24.—A card party sponsored by the Native Daughters was held Tuesday afternoon in the home of Mrs. Arthur Anderson. The proceeds from the affair will go to the Native Daughters' home at San Francisco.

Eight tables were played, prize winners for bridge being Mrs. W. C. McFarland, first; Mrs. Mason Crooke, second. Mrs. Lena Aspden won first at "500" and Mrs. Arthur Edwards, second. Mrs. Elmer Hochstein won a quilt which had been made by the society.

The Hooker Oak, of California, is the largest leafing tree in America. When in leaf it would shade about 8,000 persons.

Arrange Rites For Mrs. Crowe

ANAHEIM, April 24.—Recitation of the holy rosary will be held this evening at the Backs, Terry and Campbell funeral parlors for Mrs. Louisa Crowe, 35, of Garden Grove, who passed away Monday evening at the family home. Requiem high mass will be sung at the St. Boniface Catholic church at 9 o'clock Thursday morning, the cortege leaving the funeral parlors at 8:45 o'clock. Burial is to be made in the Holy Cross cemetery.

Mrs. Crowe was born in Staples, Minn., and had been a resident of Anaheim for many years. She is survived by her husband, two daughters, three brothers, Louis Ducatt, of Minneapolis; Joe Ducatt, of Baromet, Wis., and Julie Ducatt, of Omeme, N. D., and three sisters, Mrs. James Penn, of Staples; Mrs. Earl Russell, of Sac City, Ia., and Mrs. Charles Curry, of Baromet, Wis.

ARCH MASONS WILL OBSERVE PRIESTS' NIGHT

Royal Arch Masons of Orange county are expected to be present in large numbers tomorrow night, when the Santa Ana chapter will celebrate East High Priests' night in connection with the stated chapter session and the 6:30 dinner which precedes it as a regular feature of the meetings.

Dr. James Farrage, the high priest of the chapter, has completed arrangements for the program of the evening, which will include the usual ritualistic work with past high priests exemplifying the Royal Arch degree. Charles McCausland, who served as high priest last year, will resume that office for the evening and with him will be John Nichols as king; W. Verne Whitson as scribe; W. W. Clevenger, captain of the host; Asa Hoffmann, principal sojourner; L. M. Forcey, Royal Arch captain; Harry Hendrie, master of the third veil; Wallie Kauffman, master of the second veil; R. J. White, master of the first veil, and W. L. Dugan, lecturer.

Fullerton, Anaheim and Orange Royal Arch chapters are expected to be well represented at the affair and their members will join the Santa Ana men for the dinner to be served in the banquet room of the Masonic temple. The degree work will be given in the chapter room, beginning at 7:30.

FIELD SESSIONS OF CITRUS MEN OPEN THURSDAY

Spring management of citrus orchards will be the subject of four field meetings this week, according to an announcement today by Harold E. Wahlberg, farm advisor. Irrigation and cultivation methods best adapted to Orange county conditions will be explained by the farm advisor and W. R. Schoonover, citrus specialist of the agricultural extension service.

The meetings will be held conveniently to the various citrus growing districts of the county. The schedule follows:

Thursday, 10 a. m., place of J. J. Dwyer, corner Garden Grove road and Ball road, between Anaheim and Garden Grove.

Thursday, 2 p. m., place of Ray Frantz, La Habra, Palm avenue, one-fourth mile north of Center street.

Friday, 10 a. m., place of E. E. Campbell, Orange, Fairhaven avenue, near Tustin avenue, one mile south of Orange and one mile east.

Friday, 2 p. m., place of S. W. McCulloch, Placentia Fruit company, on Placentia avenue, three miles east of Fullerton.

All growers of citrus fruits and others interested are invited to attend.

ROSE SOCIETY CONFERENCE IN L.A. ANNOUNCED

Members of the Santa Ana Rose society have been notified of the dates of April 30 and May 1 for the first annual Southern California Rose conference, when

When Grandmother Feels Miserable

Perhaps You Can Help Her If
You'll Only Try

What she probably needs is a good tonic—one that will start to impart vigor and energy in just a short time—one that will make her feel younger in body and keener in mind.

Have you ever thought of giving McCoy's Tablets a trial? Millions of boxes have been sold for the sole purpose of restoring health to run-down, nervous men and women.

The same formula is prescribed by thousands of physicians, yet you can go to McCoy Drug Co. or any druggist and get 60 sugar-coated tablets for 60 cents. And if they don't help after 30 days—money back—Just ask for McCoy's Tablets.—Adv.

growers are to meet in the Los Angeles municipal rose gardens, Exposition park, at 3 o'clock on the afternoon of the opening day. After an inspection of the gardens, they will continue to Pasadena, where a banquet will be held in Hotel Constance at 6:30 p.m. The subsequent program will be devoted to matters of vital interest to rose culture in this section, according to Will S. Kellogg, Santa Ana secretary of the society.

On the second day of the conference, trips will be made to various gardens famous for their roses, including the Howard and Smith showing of novelties in Montebello. Santa Ana members who wish transportation to any or all of these sessions are asked to communicate with Kellogg in the Frances Willard junior high school. Reservations for the banquet should be made in the Hotel Constance before 3 p.m., April 30. Dr. E. B. Mills, 2429 Poinsettia street, who is president emeritus of the American Rose society, will not be present for the sessions, as he and Mrs. Mills are visiting in York, Neb. During their absence, Dr. Mills will attend the annual conference of bishops of the Methodist church and Mrs. Mills will be present at the dedication of the baby fold of the Mother Jewels home, which has been named for her. Dr. Mills, in writing to Santa Ana friends, reports cold and stormy weather and declares that he wishes he were back among his roses in California.

Public street clocks in Berlin contain in their bases an ambulance compartment where first aid appliances are contained.

VIEWS OF THE NEWS

By Miss Mealy Bugg

The endearing phrase "Silent Cal" may now be understood. We wouldn't have talked either had we known we could get a dollar a word for it after the six years were over.

The futurity of the Mexican revolt is even more apparent when we consider that no matter which of the opposing generals is killed now the other may have to run for president later on.

When one of the states isn't getting its share of publicity it starts to impeach its governor. Or maybe just one of its judges if it's already pretty well advertised.

"FABLE-FLASHES"

(Hot off the wire)

LOS ANGELES, April 24.—Proving that it takes all kinds of people to make a world, occasionally a person is found here who still believes she was kidnapped.

WASHINGTON, April 24.—Senator Applejack declared today that farm relief would adjust itself when the half of the country on the roof gardens realize how much better the other half enjoy themselves in the vegetable gardens.

SOME TOWNS NEED AN OPERATION BEFORE THEY CAN HAVE CO-OPERATION.

After all, the Judge Hardy impeachment trial has been a blessing in disguise. A lot of freak legislation will get lost in the shuffle. Of course, most bills are "freak" to those who don't want them to go through, and "constructive legislation" to those who sponsor them.

"WHEN THE FLOOD CONTROL IS SETTLED AND THE SHIPS ARE AT THE DOCK"

(Dedicated to Peace & Harmony, Incorporated)

When the flood control is settled and the ships are at the dock, And you see the few who voted "No" recover from the shock, And the clapping of the ranchers and the realtors of the coast, And the boosters' hallooing as they drink a water toast; O its! then the time a feller will be feelin' at his best, With the harbor gang to greet him and to give him needed rest, As he leaves his home bare-listed and goes out to boost, not knock, When the flood control is settled and the ships are at the dock.

There'll be somethin' kindo' joyous like about the atmosphere, If the water bonds get wed 'fore the summer's heat is here, And o' course we'll miss the flowin' of the floods across the plains, And the helter-skelter movin' when it rains and rains and rains; But there'll be co-operation, like as never seen before, Of a wealthy little county from the foothills to the shore, That's a situation boosters ain't got nerve enough to mock, When the flood control is settled

IT'S DANGEROUS GROUND

you stand on—with a cough, a cold or grippe, and your blood impoverished. You must do something! Dr. Pierce's Golden Medical Discovery enriches the blood—builds health and strength. Mrs. Frances Dennis of 28 S. Oak Ave., Pasadena, Calif., remarked: "After pneumonia I developed a cough which was so severe at night that I got very little rest. Thru this I grew weak and nervous. I took Dr. Pierce's Golden Medical Discovery and it relieved me of my bronchial trouble, I could sleep, and got my natural rest. I grew well and strong and have never had another attack of this kind. I can highly recommend the 'Golden Medical Discovery' to those who suffer with weak bronchials." All druggists, Tablets or fluid. Send Dr. Pierce, Buffalo, N. Y., 10c if you desire a trial pkg. of tablets. Write for free advice.—Adv.

Police News

Refugio Arrila obtained his release from the county jail Monday when the case against him was dismissed on the motion of the district attorney in the furtherance of justice. Arrila, who was arrested on a charge of contributing to the delinquency of a minor, on April 13, just as he was to be married to the daughter of Jency Ramirez, a patient at the Orange County hospital, hastened to the hospital upon his release and the marriage at last was performed.

Frank Turner, 52, a dairy worker, of Talbot, was arrested Monday afternoon by State Traffic Officers Adams and Yoder, who charged that he was driving while intoxicated. Turner posted \$250 bail to obtain his release.

Donald Olds and Edgar Carpenter, sailors on the U. S. S. Kidder, at San Diego, were turned over to San Diego police, who called for them at the county jail Monday morning. The men were arrested at the request of San Diego authorities early Sunday morning on a charge of grand theft. They were alleged to have taken a car from San Diego.

Tipped off by phone calls from points on the Coast highway, south of Tustin, that a sedan was heading north with a driver at the wheel, who it was said had been forcing cars from the road all the way from San Diego, Chief John Stanton, of Tustin, and Deputy Sheriff Carter and Scudder apprehended the car as it entered Tustin, and arrested the occupants, Douglas Jarmuth, 27, 330 North Fuller avenue, Los Angeles; his wife, Laura Jarmuth, 33, and Elmer Scott,

40, 358 North Sierra Bonita, Los Angeles, on charges of intoxication. Jarmuth, who was driving, faced the more serious charge of driving while intoxicated. After spending more than six hours in the county jail the three obtained their releases by posting bonds of \$25 each for Mrs. Jarmuth and Scott and \$250 for Jarmuth.

Arrested Friday night for investigation, Tom Brunner, Pasadena truck driver, was released from custody Monday when deputies, who made the arrest, had not found sufficient evidence to file further charges.

A large chest, found in a field south of the Fifth street road, about a quarter of a mile west of Buena road, by William Bailey, who reported it to the office of Sheriff Sam Jernigan, was discovered to belong to Charlie Roland by deputies who investigated. The chest, which was estimated to weigh about 400 pounds, contained linens, silverware and other personal belongings of Roland, who recently moved to a place he is homesteading at Twenty-Nine Palms, near Banning, and evidently had been taken from the house where he stored part of his property.

THE ILLINOIS MAN Said to the MAN FROM MINNESOTA

"OUR PLANS are all made for our summer trip East. I left all the details to the family and they tell me the route is to be through Salt Lake City, Yellowstone Park, Denver, Rocky Mountain National Park and Chicago to the old home town for a visit with our old friends and relatives."

"A great trip!" said the man from Minnesota. "Suppose we meet in Chicago and come home on the Los Angeles Limited together?"

NEWS FROM ORANGE COUNTY COMMUNITIES

Orange To Hold \$65,000 Storm Drain Election

MOCK TRIAL IS HELD BY LIONS OF COSTA MESA

COSTA MESA, April 24.—A mock trial was held at the Lions club luncheon in the Woman's clubhouse Tuesday noon. The trial was to establish proof as to the sanity of one of the members, C. E. Dunn, defendant. C. B. Diehl acted as prosecuting attorney with A. E. Block as defense attorney. Dr. J. W. Wherry as brain specialist and Dr. Q. Willis as judge completed the cast. The defendant was declared sane.

Mrs. Hazel Ranney, instructor of music in the local school, gave two vocal numbers, with Dale Hamilton Evans, district superintendent, accompanying at the piano.

A talk was given by Mr. Evans, this being public schools week.

E. M. Sundquist and Dr. D. E. Brockert, of Santa Ana, were out of town visitors.

An attendance of 27 was reported. Dr. C. G. Huston, president, presided.

SAN CLEMENTE C.C. ARRANGES SESSION

SAN CLEMENTE, April 24.—At the weekly meeting of the board of directors of the San Clemente Chamber of Commerce, plans were laid for a large crowd at the Social club May 1.

Dinner will be served by the Solano club. The city council will be asked to attend the session in a body.

San Clemente's chamber went on record as endorsing the work of the California Development association in beautifying the highways of the state, the planting of trees and flowers along the main thoroughfares and the eradication of all things that tend to spoil the roads of this state.

21 AGREE TO USE P. E. CAR SERVICE

NEWPORT BEACH, April 24.—Secretary Macleod of the chamber of commerce has secured 21 signed agreements for the club car service between Los Angeles and Newport Beach. An attempt will be made to have this service started in the near future.

Olive Plant Packs For Export Trade

OLIVE, April 24.—The Olive Heights Citrus association is in operation on valencias for the export trade. According to F. B. Maxwell, manager, the plant may close down after the quota is filled. The regular valencia season is expected to start about May 15.

WOMAN'S CLUB OF H. B. HEARS NARCOTIC TALK

HUNTINGTON BEACH, April 24.—W. J. Herwig, general superintendent of the Narcotic Research association, Los Angeles, addressed members of the Woman's club on the subject of the narcotic evil at yesterday's club session. Herwig explained the various methods used in the smuggling of drugs and commended the government on its action in setting aside a sum of \$20,000,000 to establish hospitals for the care of drug addicts. The first institution is already in operation in Pomona, according to the speaker.

Mrs. Edna Downs, Mrs. Martha Pickering and Mrs. C. W. Patrick were appointed by the president as the nominating committee to select the officers for the coming club year. The committee is to submit its recommendations at the next club session, May 6.

Mrs. De Larze, music chairman of the Orange County Federation of Women's clubs, presented a group of vocal solos, assisted by Mrs. Raymond Warren, who also played a number of piano selections.

Mrs. C. L. Brewster, president of the women's organization, presided at the business meeting.

Beach Girls In School Carnival

NEWPORT BEACH, April 24.—Several Newport-Balboa girls participated in the annual hi-jinks and carnival of the Girls' league of the Huntington Beach high school recently. Each class of the school presented a playlet or skit. In this year's carnival the senior girls won first prize, second prize going to the freshmen girls. The Newport-Balboa girls taking part in the freshmen playlet were Margaret Hoefner and Hazel Meurs. Another Newport-Balboa girl participating in the hi-jinks was Frances Gordon, who won first prize in the costume contest presented at the finish of the carnival. Miss Gordon was dressed as an Apache dancer.

At the close of the affair the girls served refreshments to those present.

LANDMARK REMOVED
NEWPORT BEACH, April 24.—One of the oldest landmarks of the beach section is being removed. The old building, with its rusty, corrugated sides, and its forlorn, woo-begotten appearance, will no longer spoil the view from the Arches. One story is that it is the relic of a stock selling scheme, and the other is that it covered the entrance of a mine that went into retirement on account of "no market."

CONTRACT FOR SEWER SYSTEM LET IN ORANGE

ORANGE, April 24.—A contract for supplying the city with material for new sewers on East Walnut, North Cambridge and North Harwood streets was let at a meeting of the city council yesterday. Daniel Dakovick, of Anaheim, being the successful bidder. There were two other bidders.

Dakovick made a price of 79 cents on sewer pipe, manholes, \$72.50, and flush tanks, \$104.50. Pernel Barnett, of Orange, submitted a bid of 95 cents for pipe, 75 for manholes and \$115 for flush tanks. Joseph Zelka, of Los Angeles, submitted a bid of 79 cents for pipe; 75 for manholes and \$116 for flush tanks.

Bids for a steel tank to hold 250,000 gallons of water were received from the Consolidated Steel corporation, Los Angeles, \$20,950; Chicago Bridge and Iron Works, San Francisco, \$14,950; from the Mineral Hill Steel and Machinery company, Los Angeles, \$18,552, and the Pittsburgh Des Moines Steel company of Des Moines, Ia., \$14,350. Bids were taken under advisement until May 7.

Ordinance 302 was read for the first time. The measure calls for condemnation proceedings to be instituted in the superior court of Orange county for the opening of West Almond street.

On the second reading of ordinance No. 301 providing for the opening of Center street 300 feet north from Walnut street, the ordinance was adopted.

Three permits for water connections outside of the city limits were granted to residents on Little Main street, two of whom are Earnest Bandick and E. Kuechel.

Resolution 358 was introduced and adopted. The resolution gives M. Elitiste permission to maintain a partial obstruction of the sidewalk on his theater building on Maple avenue. Provision for the protection of the public is made by the erection of a double railing three feet high and a light which is to be kept burning all night and which extends from the wall for a distance of two feet.

5 From Tustin To Enter H. B. Music Contest on Friday

TUSTIN, April 24.—With good prospects of winning the music memory contest again, Miss Madge Stephens, Tustin high school senior, is sending six representatives to compete in the annual test, which is to be held at Huntington Beach Friday.

Tustin has been the winner of the contests five times in six years.

Walnut Growers Plan Activity

ORANGE, April 24.—Walnut growers affiliated with the new walnut association organized here recently met in the city hall yesterday to formulate plans for the year.

A decision was reached to keep the house bought for the association headquarters in this city. The house was the Higgins Brothers' mattress factory and is located on the Santa Fe tracks.

Owing to the death of C. H. Fross, the plans for the year have been changed as Mr. Fross was slated as manager for the new association. Pending the selection of a manager the walnut crop of association members will be harvested through Rosenberg Brothers, of Los Angeles, as it was last year.

Card Party For Tustin Tonight

TUSTIN, April 24.—The third of the series of card parties given by the Pythian sisters is planned for tonight in the K. P. hall at 8 o'clock. Bridge and "500" are enjoyed.

Alt six miles above the earth is only half as light as near the earth.

NOTICE

Second Installment of County Taxes Will Be Delinquent on Monday, April 29, 1929

All payments, whether by mail or in person, MUST be accompanied by tax bill, deed, or other legal description. House numbers are not sufficient identification of property. All remittances MUST be mailed in time to reach this office on or before April 29th.

J. C. LAMB,
County Tax Collector.
Office Hall of Records, Santa Ana, Calif.

Seal Beach Women Hear Garden Talk

SEAL BEACH, April 24.—Miss Margaret Wotkins, of Long Beach, landscape designer and gardener, gave an interesting talk on the problem of flower and fruit culture in California at the meeting of the Woman's club Tuesday.

Miss Wotkins advocated the use of the gas from the exhaust of an auto as an efficient means of ridding the ground of moles and gophers applied by the use of a hose from the auto to the entrance of the gopher hole. Two hours of this application with the motor running was said to rid even neighboring yards of the pest.

Lady bugs were given a high recommendation for efficient work in the extermination of numerous parasites that are enemies to rose culture and other flowers of the garden.

DEEP WELL IN H. B. OIL AREA PLUGGED BACK

HUNTINGTON BEACH, April 24.—Results of the 6200-foot deep test made by W. S. Thompson, local oil operator, are veiled in mystery following the action of the company in plugging the well back to the 3600-foot level to place it on production. The company has six wells producing at the 3600-foot level, all of which are making better than 250 barrels of high gravity oil a day, according to reports.

F. E. Bundy, Santa Monica capitalist and local oil operator, may drill several new wells on his property here, he announced today. Bundy holds a lease on the tract known as the Methodist camp ground.

According to reports, Bundy recently brought in a well on the property flowing 250 barrels of 15-gravity oil per day at a depth of 2305 feet. Two previous attempts to secure oil on the land proved to be failures.

NEW RESIDENCES BUILT IN STANTON

STANTON, April 24.—Mrs. L. Link, who purchased a lot in Star Farms No. 2 recently, is erecting a four-room bungalow, which she will occupy immediately after its completion.

Paul H. Blades has finished a modern stucco bungalow of Spanish design at the corner of Second street and Huntington boulevard. Blades will begin another stucco modern bungalow at the corner of First street and Huntington boulevard soon. Curing and sidewalks will be laid along Star Farm No. 2 for 1000 feet on Huntington boulevard.

F. C. Beecher has under construction a new garage to replace the one destroyed by fire recently. It will be occupied by E. C. Stafford.

Laguna Club To Send Delegates To Orange Meet

LAGUNA BEACH, April 24.—It is expected that a large delegation will attend the meeting of the Orange County Federation of Women's clubs in Orange Friday, when Mrs. Joseph S. Thurston, of this city, will be put forward as county superintendent.

Mrs. Thurston is past president of the Laguna Beach Woman's club and is active in the affairs of the club. Mrs. Thomas A. Cummings is president of the club.

Delegates who will attend are Miss Gertrude Huber, Mrs. H. C. Hind, Mrs. George Dunham, Mrs. Frank Gowan, with Mrs. W. G. Schmelzel, Mrs. C. M. Young, Miss Mary Wing and Mrs. F. D. Pettes as alternates.

AT CORONA DEL MAR
NEWPORT BEACH, April 24.—Dr. Ross Allen Harris and daughter, Jessica, of Los Angeles, spent the week end in their home on the bluff at Corona del Mar.

A Healthy Complexion

Get at the source of your troubles. You need never again be ashamed of your complexion. Enjoy the beauty, buoyancy and ambition of youth . . . by keeping your system free from poisons caused by clogged bowels, and keeping your liver toned up to concert pitch.

Cleanse your whole system with Dr. Edwards' Olive Tablets, the successful substitute for calomel. Neither sickness nor pain, nor after effects. They act easily and without your knowing it.

Dr. Edwards' Olive Tablets, a compound of vegetable ingredients mixed with olive oil, protect you against bad taste, simply face, listlessness, constipation and stomach troubles. Take nightly. Known by their olive color. Prescribed by men and women for 20 years. 15c, 50c and 60c. All druggists—Adm.

New Deep Oil Test For Beach Field

HUNTINGTON BEACH, April 24.—Announcement of another deep sand test for the Huntington Beach field was made today by the World Cypress Petroleum corporation. According to reports, the new test will be advanced to a depth of about 6200 feet. It is the intention to deepen the present Seven-teenth street well from the 4000-foot level in which the rig is now producing, to the 6200-foot deep sand strata.

This will make the fifth deep test in the local field. Most of the other tests center around the Tex-Cal lease near the reservoir.

SCHOOLS WEEK IS OBSERVED IN SAN CLEMENTE

SAN CLEMENTE, April 24.—California's 10th annual public schools week, sponsored by Masons of the state, was observed in the Spanish village with fitting ceremonies last night in the Social club.

Dr. Garnet B. Grant was the principal speaker of the evening, speaking on educational problems and the development of the public school system.

"The fundamental thing back of the American government is the public school system," he declared. "As long as the teaching in our school is correct the development of children carried out along clean, spirited national lines, so long will the government be strong."

Hal Warner, master of San Clemente lodge of Master Masons had charge of the program along with Henry Fate, Dr. Grant and Dan Mulheron. School children of the Spanish village under the direction of Miss Elizabeth Scott, superintendent, entertained with singing and readings. John Fate rendered a trumpet solo, with Julia I. Chalk at the piano.

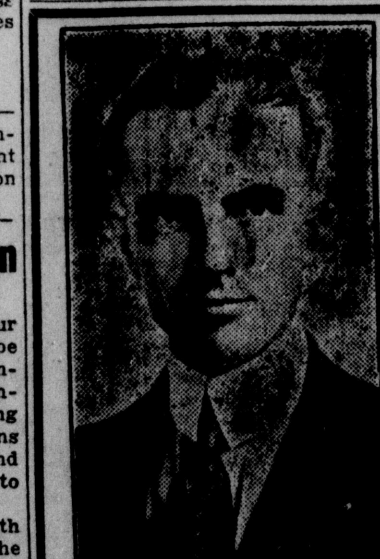

Josephine Adair, KHJ star, movie actress and well known entertainer, gave imitations of famous people.

PARTY ENJOYED IN COSTA MESA HOME

COSTA MESA, April 24.—The home of Mr. and Mrs. Charles M. Adams on Fairview avenue was the scene of a "hard times" party recently evening. Costumes of every description caused much merriment. Miss Ariel Thompson and Mike Alvino, of Santa Ana, received prizes for the most original costumes. The Honolulu Tom Boys furnished music for dancing and at a late hour, refreshments of hot chocolate and assorted cookies were served by the hostess.

Those present besides the host were Mr. and Mrs. Fred Pennington, Mr. and Mrs. Mike Alvino, Mr. and Mrs. Russell Thompson, Mr. and Mrs. Paul Abram, Ariel Thompson, Mrs. M. Lyons, Mrs. J. Normand, Dorothy Pennington, Clyde Holland, Ralph and Ross Chapman, Homer Pennington, and Frank Monroe, of Santa Ana; Mike Lindy, of Newport Beach; Retta Weatherbee and Jack Handland of Long Beach; Mr. and Mrs. George Gardner, Mr. and Mrs. Harry King, Mr. and Mrs. Frank Cox, Mr. and Mrs. Claude Nelson and daughter, Peggy; Mrs. Eva Kennedy and Jack Herndon, of Costa Mesa.

STREET LIGHT BROKEN
ANAHEIM, April 24.—A. V. Hanum, city electrician, reported to police yesterday that the light at the corner of La Verne and Ditchey streets is broken out as fast as city employees replace it. Boys of the vicinity are blamed by Hanum for putting the light out of commission nightly.

BILL ON ALIEN LABOR HIT BY PLACENTIA C. C.

PLACENTIA, April 24.—Senate bill No. 112, prohibiting aliens from working on any public enterprise in the state of California, came up for discussion at the regular Tuesday luncheon meeting of the Placentia Chamber of Commerce.

E. J. Menard said that while the bill was aimed at Mexican labor, it might work a hardship on aliens from other countries, because of the long time required before they could become naturalized.

H. H. Hale stated that in his opinion the bill was an organized labor proposition and that of all the alien laborers who had been in this country, he preferred the Mexicans.

A motion that the club go on record as being against the bill was carried.

Winthrop Bowen and H. H. Hale reported on the fire prevention meeting which was held at the fair grounds last week. The plan is to establish county fire departments to work outside the district of the local departments. It was the opinion of both Placentia men that while such protection might be efficient in Los Angeles county, the plan would not be a success in Orange county. Water is not always to be obtained, and a fire in the rural district is a hazard only to the owner of that one place, they declared. The cost of the project was considered to be above adequate insurance.

NOTED AUTHOR ON WAY TO MISSOURI

LA HABRA, April 24.—J. Breckenridge Ellis, noted author, and mother have departed for their home in Plattsburg, Mo., after spending the winter months in La Habra. They will stop to visit relatives in Oklahoma.

Before leaving La Habra the author finished proof work on his latest novel, "The Mysterious Dr. Oliver." The story is laid in La Habra. The book is expected to be off the press in another month or two.

Program Arranged By Newport Ebell Group For May 2

NEWPORT BEACH, April 24.—The program of the Ebell club in the club rooms May 2 is sponsored by the Visel studios. Miss Harriet Brackett, dancer; Faye Stinson, reader; Marion Nau, violinist, and Mrs. Brackett, accompanist, will entertain.

The hostesses for the occasion will be Mesdames W. F. Diers, Edward Dvorac and B. Hosper.

Thief Scorns Tire But Takes Cover

NEWPORT BEACH, April 24.—The popularity of the tire covers the Newport harbor chamber of commerce is distributing was indicated when the cover on Secretary George Macleod's car was stolen off the spare tire with the car standing in front of the chamber of commerce office.

ESSEX CHALLENGER 'ANGELS' VISIT S. A.

"The red, white and blue angels," who have been touring the Southland for several days in Essex Challengers yesterday visited the following a call on Lambert Brothers, Santa Ana Hudson-Exsex dealers.

The "angels" are garbed in natty costumes, each in the color of the car she operates. A red coupe, blue sedan and white coach composed the caravan. The drivers are Rose Eliska (red), Gladys Joyner (white) and Lois Cleveland (blue).

COUPE STOLEN
ANAHEIM, April 24.—W. A. Luce, route 2, reported to police yesterday that his coupe, bearing the license number 9R-12-89, had been stolen the day before at about 1 p. m.

CITY COUNCIL PREPARES FOR MEASURE MAY 7

ORANGE, April 24.—Calling of a bond election for the building of a storm drain in the city of Orange was authorized at a meeting of the city council yesterday, when the city attorney, H. L. Dearing, was instructed to prepare a resolution to this effect for adoption May 7.

The storm drain will cost about \$65,000, according to C. C. Bonebrake, city street superintendent. As planned at the present time the drain will extend from Walnut street to Santiago creek on Lemon street.

Ordinance No. 300, on which no action was taken owing to the lack of a second when it was presented for adoption at the last meeting of the council, was passed by a three to two vote yesterday. Councilmen Clement, Miller and Intorf voted "yes" and Councilmen Shoemaker and Wood voted "no."

The ordinance has to do with regulating public garages and filling stations in an established fire district. The passing of the ordinance permits the erection of a filling station at the corner of Palmyra and Main streets on property owned by Donald Clark. Clark has leased the property to J. Fuller, of Los Angeles.

Bicycle repairing. Fix-It Shop 105 East Third.

QUESTION??

WHAT IS THE MOST IMPORTANT SINGLE FACTOR IN THE BEAUTY OF A HOME?

There are a great number of factors contributing to the beauty of one's home—both inside and outside the house. We have long been of the opinion that there is no one other factor so important in the maintenance of a cheery, restful, homelike, good-to-live-in, good-to-look-at home as—a beautiful well kept lawn.

The deep green of a good lawn is Nature's best solace to tired eyes and weary minds. A good lawn is not hard to secure and maintain. Just plant good Blue grass and White clover seed after carefully preparing the seed bed. Then water and fertilize with—

GROZIT

GROZIT is a finely-ground, high-grade Sheep Manure. It comes only in 100 lb., paper lined bags. It will not burn. It is not unpleasant to handle. It is extremely economical. Call up 274 when ordering your Blue grass and White clover seed, and order a trial sack. You will be pleased and satisfied with the results.

Silver Fleet to Arrive in City Saturday

Local Goodrich Dealer Makes Plans for Great Public Reception

Big Trade-In Sale to Feature Fleet's Arrival

It's coming! The famous Silver Fleet!

15 shining silver cars . . . 19 crack pilots . . . headed across the continent on the most dramatic demonstration run the Nation has ever seen.

Looking not for good roads, but for bad ones. Finding not the easiest way, but the hardest, longest, toughest.

Since January they have traveled thousands of miles. Meeting every kind of obstacle . . . every road and weather condition the country knows. Ice and snow in New York. Rain and mud in Georgia. Sand in Florida. Piling mile on mile in this great demonstration run to prove to you the sturdy, wearing quality of Goodrich Tires.

And now they're coming . . . here. To celebrate the visit of the Silver Fleet we're going to offer handsome "trade-in" allowances to all local car owners. Bring in your old tires—they're worth real money during this special sale.

If the tread on your tires is smooth . . . if the fabric is starting to show through . . . or if your tires have simply lost the sharp, firm grip of new rubber . . . trade them in for new Silvertowns.

And remember . . . these are tires just like those the Fleet is using.

There are Silvertowns De Luxe, if you want unmatched service and style . . . Silvertowns, if you want the tire that sets standards of quality for the country . . . Cavaliers if you want low price with long wear.

So look over the tires on your

car now . . . including the spare. Check them over for injuries, tread wear, side-wall weaknesses.

Better yet . . . drive in and let one of our experts go over your tires and tell you which ones should be replaced.

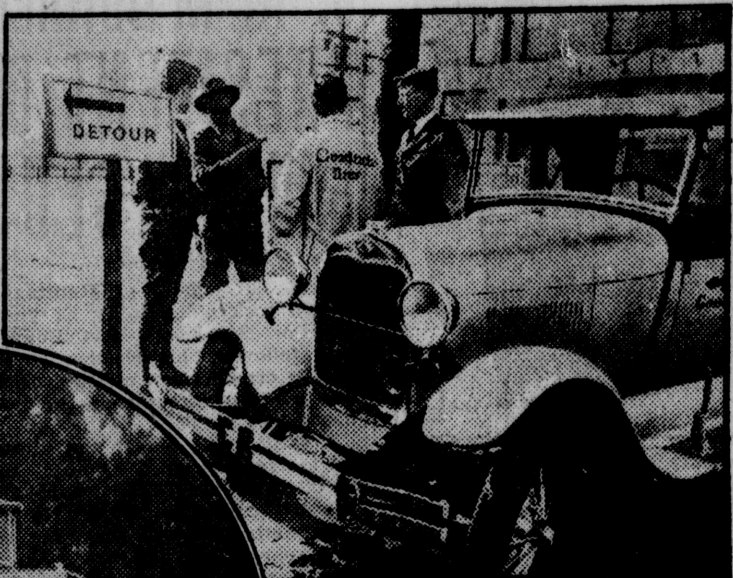

And when the Fleet rolls in, find the companion car to your own, and talk to its pilot . . .

Then come in . . . we'll have the duplicates of his tires in our store ready to put on your car.

Watch the newspapers for complete details of the Fleet's arrival.

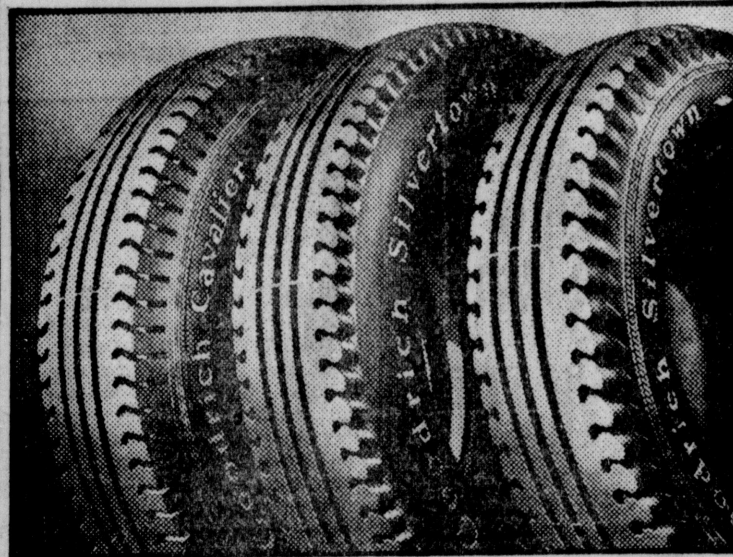

GREETINGS EN ROUTE! Above photograph shows the Silver Fleet parked at curb during a typical civic ceremony. Pilots are welcomed by local city officials and the famous good will book is signed. The Fleet is scheduled to arrive here soon and a similar ceremony will be held in this city. All local motorists are urged to attend for in addition to being an interesting sight, the Fleet is an object lesson on tire quality. Come see stock tires on stock cars in an actual performance demonstration over all kinds of roads!

WHICH WAY? Pilots of the Silver Fleet are shown here getting some road information. Often they actually pick the hardest route in order to find difficult going . . . just to demonstrate to you and your fellow motorists the kind of stuff that Goodrich Tires are made of.

JUST A SAMPLE! This photograph will give you some idea of the travel conditions the Fleet has met so far. But it doesn't make any difference . . . 'cause they're out to find the bad roads . . . on this great Nation-wide tire demonstration that millions are watching.

THREE GOODRICH TIRES: Silvertown De Luxe, for superlative style and service. The famous Silvertown—the standard quality tire. Goodrich Cavalier, a low-priced tire for keen buyers.

TO LIFT BAN ON PREP TITLE GAMES

Saint, Long Beach Nines Clash Tomorrow

SCHOOLS BEGIN LEAGUE SEASON AT POLY FIELD

Santa Ana and Long Beach will pry the lid off the conference baseball season here tomorrow afternoon, colliding in their first regularly scheduled Coast Preparatory league game on Poly field at 3 o'clock.

With their practice campaign behind them, the Saints and the Jackrabbits will take the diamond apparently well matched although the visitors will have what comparative edge there may be.

Santa Ana has won all, but two of a series of some 10 tuneup contests, the two losing ones being by decisive margins, however. One of the games lost was to Tustin and the other to Fullerton, both strong contenders in the Orange League.

Willcutt To Pitch
Coach Bill Foote has rounded his local talent into good condition for the conference opener, Johnny Willcutt, first string mound man, has a sore muscle in his arm but he will draw the assignment against the Jackrabbits as the injury is not serious enough to keep him on the bench. Wayne Vance, who caught Willcutt through all the American Legion boys' tournament last summer, and has handled him in most of the preliminary tussles, will catch tomorrow as usual.

The Saint club will be materially strengthened by the addition of Al Reboin, the football and track satellite, who will be spared from "Tex" Oliver's championship aspirant tracksters for the occasion. Reboin, an accomplished ball player, probably will play center field although later in the season, after he has finished his work on the cinderpath, he is expected to take care of an infield berth.

With Reboin in the outfield, Foote said he would shift Kneeland to shortstop as one of the important cogs in an infield that also will include Captain Curt Youel at first base, "Rusty" Sullivan at second and Jimmy Hall at third. Youel, Sullivan and Hall are all holdovers from the strong Saint nine of 1928.

May Shift Outfield
Marvin Johnson, who can do some left handed pitching if necessary, probably will play left field and Dallas Reichstein is expected to get the call in right field. Foote said he might decide to use Reboin in left and Johnson in center.

Frank Gabler, a tall right hander, will pitch for Long Beach. "Sharkey" Mitchell, who as a sophomore blanked the Saints with two hits last spring, is playing third base for the Jackrabbits this term.

Gabler is a brother of Glenn Gabler, now regarded as one of the most promising young pitchers in the Pacific Coast league. Glenn Gabler went up to Los Angeles after his graduation from Long Beach high school and he expects to get his young brother a chance in organized ball as soon as the boy completes his high school course. The younger Gabler is said to be a better chucker now than Glenn was in his prep school days.

FASTEST TIME IN DERBY
Old Rosebud's time of 2:02 2-5 seconds is the fastest ever made in a Kentucky Derby.

W. And J. On Lookout For New Mentor

WASHINGTON, Pa., April 24.—Washington-Jefferson alumni and supporters of the football team are now engaged in the pleasant pastime of selecting a coach to replace Andy Kerr, who has transferred to Colgate. While indications point to the selection of an alumnus to guide the football destinies, the names of many from other institutions are being freely mentioned in connection with the position.

Gilmour Doble, now at Cornell, is being advanced by many; Dick Harlow, of Western Maryland and formerly of Penn State and Colgate, is being recommended, while tutors of less prominence are being "considered" by unofficial "managers."

RANKIN KAYOES BOBBY BRIDGES IN THIRD ROUND

Oscar Rankin and "Bubba" Johnson will be crowning figures of glory at the next Darktown Strutter's ball. The Los Angeles blacks were 100 per cent efficient at the Orange County Athletic club here last night.

Rankin outclassed Bridges in every particular and threw him into the limbo of knocked out men in the last main event. Johnson added another k. o. to Stewart's growing string in the first wind-up.

Fresh from a campaign in the east which his press agents asserted was a highly successful one, Bridges was signed for three matches here but the New Yorker, once a mere California, certainly didn't shape up like a main event.

Rankin, a red-haired Negro, beat him to the punch with such decisiveness and tied him up so cleverly in the clinches that Bridges never had a chance. Bobby was game enough. He took a lot of punishment in the midriff but he couldn't accept them there all evening without suffering. The end came in the third. They were in a corner with Rankin leveling for a knockout. Oscar connected flush to the button and Bridges began to pounce, divided between the jaw and the stomach before Bridges slumped to the floor, there to take the count. Rankin was too tough.

Stewart came to the coast with a lot of clippings to prove he had beaten some crackjack boys but he hasn't shown anything out here. His defeat by Johnson was just another defeat. Johnson, floored at the beginning of the second round himself, carried the fight all the way. He dropped Jackie once in the second, twice in the third and again in the fourth and Stewart was in such a bad way that Referee Benny Whitman never took the trouble to count over him. The bell saved Stewart at the end of the third. He was out cold with the count at seven.

Eagle Thomas, an old-timer who knew how to hold on without making it look too bad, was beaten all the way by Joe Gabuco in the six-round feature preliminary. The first was fairly close but Gabuco won all the other rounds decisively.

"Bouncing" Melvin Bobo substituted for Arelio Mision and outpointed John Nandez. Bobo's unorthodox style had Nandez bewildered in the third and fourth rounds. It was a terrible affair.

Frank Leonard had plenty of courage but nothing else in his mill with Tommy Huffman, brother of Sailor Eddie Huffman. Tommy won every round and the decision. Leonard was often in distress but kept trying to make a fight of it.

The curtain-raiser saw the collapse of Al Cruise, colored middleweight, who had always looked like a world beater here before. "Babe" Jackson plunked Cruise on the button in the first and Al fell face forward, his nose hitting first. Jackson was just as much surprised as the fans.

HI GILL PROMOTED TO HEADLINE SPOT

Hi Gill, Santa Ana welterweight, will meet Billy Blake in a 10-round main event at the Orange County Athletic club next Tuesday night. Kid Mexico, matchmaker, announced today.

U. S. ENVOYS TO TOURNAMENTS IN EUROPE

Two queens of tennis who are going to represent the United States in the important tournaments in Europe in the next few weeks are Helen Wills, champion of all she surveys, and Edith Cross, pictured here. Miss Cross, a San Francisco girl, is a newcomer to the top of the women players but her position is justified by the game she plays. Miss Cross is shown above, and inset, with Miss Wills, right. They sailed together for England the other day.

BLAEHOLDER IN SEASON'S FIRST MOUND VICTORY

George Blaeholder, young Garden Grove right hand pitcher who is Orange county's only active major league baseball player, scored his first mound triumph of the season yesterday.

Relieving "General" Crowder in the second inning of the game with Detroit, with his club five runs in the red, Blaeholder hurled ruthless ball for seven and one-third frames and when St. Louis came from behind and batted out an 11 to 5 win, Blaeholder was credited with the victory.

Detroit was able to get only five safeties during Blaeholder's tenacity of the ridge. The Garden Grove fanned six and issued only one pass.

Although this was Blaeholder's first victory, he has done splendidly pitched on at least two other occasions. The Browns apparently intend to use him considerably for replacement work this summer.

IN SAME PARK
Dick Wade, Atlanta outfielder, who last year played with Nashville, hit 24 home runs to lead the Southern Association—and all were in his home park.

Pairings For Ryder Cup Play Are Told

MOORTOWN, England, April 24.—The draw for the 36-hole foursomes which will open the Ryder cup play between the American and English teams on Friday was announced today.

Johnny Farrell and Joe Turnesa vs. C. A. Whitcombe and Archie Compston.

Leo Diegel and Al Espinosa vs. Aubrey Boomer and George Duncan.

Gene Sarazen and Ed Dudley vs. Abe Mitchell and Fred Robson.

John Golden and Walter Hagen vs. E. R. Whitcombe and Henry Cotton.

Tod Morgan Held To Draw By Mack

DENVER, Colo., April 24.—For 10 rounds, Tod Morgan, junior lightweight champion of the world and Eddie Mack, Regis college student boxer and leader of the lightweights in the Rocky mountains, fought a terrific battle and at the final gong still were exchanging blows on even terms.

The battle was called a draw. Neither fighter had a shade in the bout, although in various frames both piled up wide margins only to have one or the other tear down the lead in the next session.

S. A. TRACKMEN WIND UP WORK FOR BIG MEET

This is to be the last day of hard work for Santa Ana high school's small but potent track and field squad, contender for the championship of Southern California.

Coach "Tex" Oliver said he would give only his distance runners, Captain Tommy Cone and Tom Donahue, anything to do after this afternoon and the two Tom's will not be expected to fill any assignments harder than a few laps at medium speed.

The Southern California championship meet will be held in the Los Angeles Coliseum Saturday and Oliver will take no chances on having his athletes go stale from overwork.

Al Reboin, counted on to win the high hurdles and be first or second in the low, will play baseball with the Saint nine against Long Beach tomorrow. Oliver will be shaking in his boots until the nine innings have been completed for if anything should happen to the junior all-around star Santa Ana's chances of winning the All-Southern, none too good at best, will be blasted with one stroke.

Normy Paul may do a little practicing around the broad jumping pits but he will not "bear down." Paul jumped 22 feet better in three different meets early in the season and while he has not done better and while he in recent weeks he is nevertheless expected to show the way to all of the Southland hoppers Saturday.

This year's All-Southern is likely to be the most exciting of years. Los Angeles, San Diego and Santa Ana are all contenders and Jefferson and Hollywood have a chance. Despite the keen competition it is doubtful if any of the following meet records will be fractured:

Track Events
100-yard dash—0:09.8—Wykoff (Glendale), 1927; Slocum (Glendale), 1927; Wykoff (Glendale), 1928.
220-yard dash—0:21.4—Wykoff (Glendale), 1927.
440-yard dash—0:49.4—Gantt (L. A. Poly), 1926.
880-yard run—1:58.0—Foore (L. A. High), 1928.
One mile run—4:29.6—Unruh (El Monte), 1925.
High hurdles—0:15.0—Welch (Pasadena), 1927.
Low hurdles—0:23.8—Payne (San Bernardino), 1925.
80-yard relay—1:29.0—Los Angeles High, 1928.
Field Events
High jump—4 feet 3 3/4 inches—Van Osdel (Compton), 1928.
Broad jump—23 feet—Barber (Long Beach), 1928.
Shot put—53 feet, 3 inches—Houser (Oxnard), 1928.
Discus—127 feet, 1/2 inch—Houser (Oxnard), 1922.
Javelin—170 feet, 8 inches—MacKenzie (Oxnard), 1928.

WON FIRST DERBY
The first Kentucky Derby was held May 17 1875, and was won by Aristides.

'Y' Gym Men Go To Class At 7:30 A. M.

A Y.M.C.A. gymnasium class at 7:30 a.m. is to result from a decision of members of the early morning gymnasium class this morning, when they agreed that they will begin their class work hereafter at 7:30 instead of at 8 o'clock.

They will play volleyball for half an hour, then take a workout in health exercises and finish with another game of volleyball.

This class is one of the most popular features in the program for men. They meet each Monday, Wednesday and Friday morning for an hour of exercise and games. By starting early, they expect to meet the convenience of several members who have to leave early. They invite other business and professional men to join them in their quest for health and vigor.

J. K. McDONALD PRESIDENT OF COUNTRY CLUB

J. K. McDonald, of Huntington Beach, took office today as president of the Santa Ana Country club following his election at the annual organization meeting of the new board of directors in the clubhouse last night.

A skilled golf player and always an active, energetic member, McDonald's election will be a popular one with his clubmates. He has been acting as secretary for the last year.

Walter Vandermaast, Santa Ana merchant, was named vice president. Rex B. Kennedy, of Santa Ana, was elected secretary and A. J. Cruickshank, of Santa Ana, was re-elected treasurer.

Members of the board of directors in addition to the four officials are L. D. Coffing, R. A. Mosher, A. G. Flagg, F. C. Drumm and B. V. Curry, all of Santa Ana; J. L. Almsworth, Costa Mesa, and H. D. Nichols, Orange.

President McDonald will succeed William H. Spurgeon Jr., who retires from the board after three years of service, two of which were spent as club secretary. Retiring directors are R. O. Winkler who has been vice president; V. V. Tubbs and A. W. Griffith.

Callahan Finishes Fast To Win Bout

LOS ANGELES, April 24.—In a whirlwind finish here last night Mushy Callahan, champion 140-pound fighter, pulled his tattle comeback out of the fire and beat Spug Myers to the decision by the scantiest of margins.

Callahan's junior welterweight title was not at stake but the Myers go was one of the highlights in a comeback campaign Callahan has been staging for the past few months.

The bout was for 10 rounds and for the first eight stanzas the shade, if any, belonged to Myers. Callahan, however, opened a terrific offensive at the start of the ninth round and bored into Myers until the final bell.

MEANS THINKS PLAYOFFS WILL BE SANCTIONED

Some modified method of determining Southern California championships in high school football, basketball and probably baseball will be approved at the next meeting of the C. I. F., Southern division, in the opinion of J. W. Means, of Tustin, Orange county representative. Means is principal of Tustin high school.

Playoffs between league winners to determine championships are now prohibited by the C. I. F.

The federation had a meeting in Los Angeles last Saturday and the matter was discussed at considerable length with the result that H. J. Moore, of Long Beach, was appointed to study back May 13 with some plan of instituting a limited series of playoffs.

Means believes the representatives will frown on any attempt to bring back the old order of things but if Moore can devise a method of determining football and other championships in which no school will have to play more than eight official games during a season his scheme will be adopted.

Moore Favors Playoffs
Moore, who is the Coast Preparatory league's C. I. F. delegate, is known to favor championship determinations and he undoubtedly will be able to work out something that will meet with the approval of the others.

Means himself favors the playoffs provided they are limited in number and match only the big school teams that would have a chance. He does not believe in sending a powerful eleven out to run roughshod over some little school team from a minor league.

Playoffs such as the Santa Ana grid squads of 1921 and 1922, the Orange team of 1924 and the Fullerton eleven of 1927 engaged in were once promoted under C. I. F. auspices but were abandoned at the beginning of the present school year. They were said to have prolonged the seasons unnecessarily and to have reacted detrimentally to the athletes involved. Only the annual Southern California track meet was left in exhibition game.

Allow System of Conducting
So the system of conducting eliminations between various league winners was abolished with one sweeping gesture and this year no official championships were awarded although each school was permitted to schedule one "exhibition" game with some school from another league.

Alhambra high school, undefeated champion in football of the Coast Preparatory league, was the first to protest this new ruling. The Moors had the finest team of the year and one of the greatest prep aggregations ever assembled in the Southland and they naturally resented the fact that they were not even recognized as champions. They outclassed Compton, the Bay league winner, in the "exhibition" tussle that was allowed but that did not make them a real champion because there were other unbeaten elevens in the area also.

Alhambra "went to bat" to have the system changed. At the winter session of the Coast Preparatory league its representatives introduced a resolution asking the C. I. F. to arrange some way of determining championships. The resolution was adopted unanimously and was forwarded to the C. I. F.

LAUGHS FROM THE DIAMOND

Clark Griffith, who as a pitcher was positive that all umpires were blind and as a big league manager even more certain, umpired one ball game during his big league career. Incidentally, Griffith in that one game had an experience without precedent in the annals of baseball. We will let Griffith tell the story:

"Did you ever hear of a manager reversing the decision of the umpire, said decision being in his favor? No? Well, let me tell you how it once happened.

"I was pitching for the Chicago Nationals at the time. The great 'Cap' Anson was managing the club. The umpires for some reason failed to show up for the game and each team selected one of its players to substitute. I was the Chicago nominee and worked the bases. The visiting player selected called the balls and strikes.

"Early in the game there was a close play at first base in which I called the visiting runner out. I felt sure I had rendered the proper ruling but the entire visiting club

thought to the contrary and as a man told me so. They threatened to forfeit the game, but I stood my ground. Imagine my surprise when I heard Anson say: "Let us quit kicking and start the game. It was a terrible decision, the man was safe and he is going to stay at first base.

TILDEN MAY BE THROUGH: MUST IMPROVE GAME

BY DAVIS J. WALSH
(I. N. S. Sports Editor)

NEW YORK, April 24.—William T. Tilden, the man whose name will resound through the halls of time until posterity itself is no more, may have played his last round of singles on behalf of his Uncle Samuel and the Davis cup series, unless he can lift the tempo of his game well above that of recent months. What he may be able to do before July may get him a place on the 1929 singles team; what he has been doing, won't.

This was more than common gossip in tennis circles today. It almost amounted to an official utterance, although those responsible were careful to point out that the final and official selection of the team was in the hands of the Davis cup committee and that the decision not only would not but could not be made until June. No one hesitated, however, in anticipating the committee's action in the event that Tilden fails to function before the final and challenge rounds in Europe this summer.

Tilden, it was explained, has two chances of qualifying in the singles play, one positive, the other nega-

tive. The former would mean that Tilden had shown some definite vestige of his former mastery in the tournaments at Wimbledon, Paris and Holland. The negative chance is that those chosen for the singles in the American zone play so indifferently as to leave the committee no alternative but to stake its all on the gamble that Tilden can reclaim in the emergency some of the brilliance he once knew.

The foreign tournaments, particularly Wimbledon, will be Tilden's tryout for the team. If he plays as well there as he did last year, you couldn't keep him out with a quarantine; if he plays appreciably below his 1928 Wimbledon form, you couldn't get him in with a court order.

There will be no formal trials for this year's team. It seems, Tilden and his inevitable partner, Francis Hunter, will sail for abroad early in May to acclimate themselves gradually for the European season.

America, therefore, will have to use other men in the early rounds of the cup series, beginning to Canada next month. It is understood that these men will be George Lott and Johnny Hennessey, members of the 1928 team, and Wilmar Allison and John Van Ryn. The latter beat Tilden indoors in William's first match as a reinstated amateur last winter. Allison won the Mason and Dixon title from Hunter last Saturday, thus reversing the decision Hunter gained in Florida.

The committee, as a matter of fact, is in something of a tough spot. It knows that it will be building for the future if it gives youth its fling. Let it fears to

sacrifice the opportunity represented by the chance that Tilden might again be capable of a last, supreme gesture, such as he made against Lacoste in the challenge round last year.

REVEAL RAJAH AS '10 O'CLOCK BOY' FOR CUBS

By FRANK GETTY
(United Press Sports Editor)

NEW YORK, April 24.—A number of unkind things have been said about Rogers Hornsby since he joined the Chicago Cubs but no one ever accused the champion batsman of failing to take his baseball seriously.

When Robert Lewis, who arranges the rooming list for the Cubs, was considering where to place Hornsby for the greatest good of all concerned, he was approached by "The Rajah" in person.

"I have no preference in rooming as far as baseball talent is concerned," said Hornsby, "but I want to room with a lad who goes to bed before 10 o'clock, who doesn't lie awake reading true confessions and doesn't walk and talk in his sleep."

Lewis assigned him to a room with Woody English, who retires at 8:30 and sleeps like a babe until 8 a. m.

So Rogers should have no cause for complaint on that score. When the French Tennis federation recently reinstated Paul Feret as an amateur, it did so on the condition that he turn over to the federation all the money he received from C. C. Pyle for playing professional tennis in the United States.

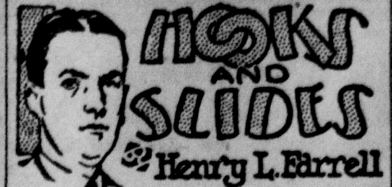

Why shouldn't Pyle get the money back, instead of it going to the federation?

The French are inconsistent in their amateur rulings. Feret was a professional and he should have had to wait five years without tournament tennis before obtaining reinstatement. But he went to the federation and offered to hand over the salary he had received from Pyle, which was quite acceptable to the French authorities.

Thus far, Charley Pyle hasn't been heard from.

JOLSON WILLING TO HELP PROMOTE BOUT

LOS ANGELES, April 24.—Additional sparks bounced from the dying embers of the Mickey Walker-Ace Hudkins middleweight championship bout today when Al Jolson, famous "Mammy song" singer, stepped forward and started talking dollars and cents. "The battle has been agitated by Jack Doyle, Los Angeles promoter, who sent Hudkins and Armand Emanuel over a 10-round route recently, but Doyle cooled off rapidly when Jack Kearns, Mickey's manager, insisted on a \$100,000 guarantee and other incidentals.

he couldn't associate with amateurs.

(Continued from Page 10)

PADDOCK SPOKE UP

If Barbuti had been as experienced as Charley Paddock he would have said more than he did in the austere presence of the high minds. It is recorded that when Paddock was called before the high minds once he said something like this:

"If you want me to talk I'll talk plenty and I'll talk about some of you fellows sitting right here in this room."

And then he turned to one of them and asked—"How much did you offer me to run in such-and-such a meet?"

YEH, JUST TRY!

Commenting on the Barbuti case, Arthur Duffy, one of the famous old track stars, wrote in his column in the Boston Post—"There is no question about what Barbuti says in his articles as being true. But the question is—try and prove it."

Helen Arrives In Cherbourg, France

CHERBOURG, France, April 24.—Miss Helen Willis arrived here aboard the Aquitania today to fulfill her European tennis engagements and to be presented at the British court May 3. She proceeded to Paris.

The NEW Firestone

Supreme Balloon

Is Writing New Tire History

HISTORY is made by those who create finer things, better things, more lasting things than have ever before been produced. The new Firestone Supreme Balloon is finer, larger, better, more rugged, more lasting than any tire that has ever before been offered to the American public—that is why it is writing new tire history. Here is a tire that will match your car, mile for mile, hour after hour with every sprint of the motor, every pressure of the brakes and every turn—over any and all kinds of roads, in all kinds of weather. It has appearance, quality, performance, dependability, safety and extra mileage; in fact, it has everything and more than the famous Firestone Gum-Dipped Tires that already hold all world records for speed, safety, economy and mileage. While its cost is higher, yet it is more economical because it brings you tire performance above and beyond anything the world has ever known. Come in today—you will like it the minute you see it. Liberal allowance made for your old tires.

The Big Swing Is To THE NEW THE CHALLENGER.

Hear the radio program of the "Hudson-Exess Challenger" every Friday evening

It Challenges Your Interest in These Important Ways

EASY TO BUY

FOR INSTANCE in this city your first payment, with your present car included, may be as low as \$295.00 and your monthly payments \$42.09

Your present car will probably cover the entire first payment. The H. M. C. Purchase Plan offers the lowest terms available on the balance.

EASY TO OWN

On our own streets Essex the Challenger, under competent observation, averaged 19.7 miles per gallon. The average owner in this city can expect 18 to 20 miles and upward. Hundreds of records all over the country during "Challenger Week" prove Essex economy. Commercial users operating large fleets of Essex cars say that service and maintenance costs, covering millions of miles of operation, are lowest of any car ever tested.

The buying public has picked Essex the Challenger as the greatest value of 1929. They are giving it the biggest business even Essex has ever known. By thousands they are trading in other makes for the great Essex value. Never before has public approval been so near universal.

A Wide Choice of Colors at No Extra Cost

The Variety is So Great You Have Almost Individual Distinction

Here is a BIG adult-size "Six"—fine to look at—roomy and comfortable—built as strongly as any car at any price. Upholstery and appointments are rich and handsome. There is such a wide variety of colors, that no matter what your choice you have almost individual distinction.

A SUPER-SIX motor—challenging up to 70 miles an hour—60 miles an hour, hour after hour—in get-away it challenges any car at any price—it challenges all in climbing hills. Hydraulic shock absorbers are standard—they do not cost one cent extra. The same with radiator shutters, air cleaner, windshield wiper, safety lock, chromium-plated cowl lamps. Add up for yourself the extras Essex offers to added cost and you will see above \$100 in extra value in those items alone.

\$695 AND UP—AT FACTORY

Standard Equipment Includes: 4 hydraulic shock absorbers—electric gauge for gas and oil—radiation shutter—saddle lamp—windshield wiper—glare-proof rear-view mirror—electrobrush—catalytic converter—oil light—bright parts chromium-plated.

Coupe, \$695; 2-Door Coupe, \$695; Phaeton, \$695; Coupe (with rumble seat), \$725; Standard Sedan, \$795; Town Sedan, \$850; Roadster, \$850; Convertible Coupe, \$995.

ESTATE BATTLE IS STARTED IN COURT

Two women, both of whom have passed away, were arrayed against each other in superior court action today, one through the administrator of her estate and the other through a petitioner who asked issuance of special letters of administration for her estate.

According to the petition of Samuel E. Thomas, Mary Ann White, who died in 1887, left a claim to property in Laguna Beach. Thomas claimed that the land really belongs to the estate of the late Cordelia M. Thomas, for which he is administrator.

He asked that W. L. Farrar be appointed as special administrator for the estate of Mary Ann White to defend a quiet title action which he expects to launch on behalf of the Cordelia Thomas estate. The petition stated that there had been delay in appointing an administrator for the estate of Mary Ann White.

Craigs, Stinsons Return From Auto Trip To Midwest

Mr. and Mrs. Ben Craig and Mr. and Mrs. George Stinson have returned from a motor trip through the middle west. Craig and Stinson, who are state traffic officers here, report that they made the trip east in three days and took four days for the return journey. The Stinsons stopped in St. Louis to visit relatives, while the Craigs continued on to Salem, Ind., where they stayed four days with friends and relatives.

The officers, who have given many motorists in Orange county a thrill by pulling up alongside and sounding their sirens, reported they were signalled to the curb in the little village of Maplewood, Mo., by a speed cop, an old man in an old automobile, who rang a cowbell instead of using the conventional siren of traffic officers, and who warned them to observe a 10-mile speed limit.

The party, which left here April 8, reported roads over which they travelled in good shape with the exception of 250 miles of mud which they encountered in Kansas on the return trip.

200 Members Of Clubs At Party

ORANGE, April 24.—Nearly 200 members of the Orange Lions club, the Rotary club and the Business and Professional Women's club enjoyed a banquet at the Woman's clubhouse last night. Stanley Mansur acted as the chairman of the evening.

Presidents of the three organizations were introduced by the chairman, as follows: Mrs. Vernie Hertert, Business and Professional Women's club; Fred Alden, Rotary club, and Paul Muench, Lions.

A committee consisting of Mrs. Hertert, Herbert Nichols and Burl Wing was appointed to collect fines imposed on those present.

The program included numbers by the Santa Ana Lions quartet and a talk by V. D. Johnson, secretary of the Orange Community Chamber of Commerce. Johnson spoke on "Friendship."

Bridge and "500" followed the program. Prize winners at the bridge game were first, Mrs. Anna Lenz and Paul Muench; low Miss Bertha Robinson and J. A. Christensen.

At "500" Mrs. Josephine Shell and J. Short were high and Mrs. Earl Phillips and Herbert Nichols low. Mrs. M. Elitiste was the winner of the draw prize.

SCOUTS MAKE POLES

STANTON, April 24.—Boy Scouts of troop No. 8 of the Alamitos Friends church on the Magnolia road and their Scoutmaster, F. A. Baumgardner, met at the Langley grove on Saturday afternoon to prepare logs and poles for the county jamboree at the county fair grounds from May 10 to 29. At 5 o'clock Mr. Baumgardner took 14 of the boys to Huntington Beach for a swimming test. A number of tests were passed. Richard Davis passed the merit badge test.

New Officers Elected At Current Events Meeting

Mrs. Clyde Jenken was elected leader of the Current Events section of the Santa Ana Elks club yesterday afternoon when the section met at the clubhouse at a luncheon presided over by Mrs. Charles Chamberlain and Mrs. John Kettler.

Other new officers included Mrs. George Osterman, assistant leader; Mrs. Edwin Dickinson, secretary; Mrs. Claudine Irvine, and Mrs. George Holmes, press correspondent.

Plans for Tuesday's dance at the clubhouse, that is to be the last of the season, were discussed at the business meeting and Mrs. Walter Hickey, chairman of the flower committee, announced that quantities of flowers would be used for decorating purposes and that later in the week she and members of her committee would all upon members to donate flowers for the affair.

Bridge followed when appointments were carried out in the same bright tones of yellow and orange used for the luncheon. When scores were added it was found that Mrs. George Holmes was high with Miss Louise Tubbs low and each one received an attractive award.

Those present yesterday included Miss Louise Tubbs, Mrs. Claudine Irvine, Mrs. Edwin Dickinson, Mrs. Nick Brock, Mrs. Walter Hickey, Mrs. Norbert Lentz, Mrs. Hugh Shields, Mrs. C. H. Larkier, Mrs. Harvey Bennett, Mrs. George Osterman, Mrs. Harvey Gardner, Mrs. George Holmes, Mrs. Clyde Jenken, Mrs. R. E. Langley, Mrs. Charles Chamberlain, Mrs. John Kettler, and one guest, Mrs. E. Van Meter.

Officers Are Elected At Y. W. Meeting

Miss Frances Harper of Orange, student at the Santa Ana junior college, was elected president of the Y. W. C. A. of the college last night when the association met in the hut on the campus for a pot-luck supper.

Other students elected to office were Miss Virginia Thomas, secretary; Miss Mary Ford, vice-president; and Miss Rebecca Neddermeyer, treasurer. The officers will hold office during the college year of 1929-30.

Songs and dances were practiced at the meeting last night in preparation for the May fete to be held in Fullerton on May 4.

The average number of hours worked a week for all unionized trades has decreased 10 per cent during the past 20 years, ages have increased 275 per cent.

Yesterday Busy Day For Members of Forum Club

Yesterday was a busy day for members of the Woman's Forum what with their semi-monthly meeting at noon and their being guests of the Anaheim Toastmasters club last night at dinner.

Mrs. M. E. Head, acted as toastmistress at the noon affair, held at the Y. M. C. A., when three particularly interesting talks were given. The first was made by Mrs. A. F. Granas who talked on the Jewish Passover season that starts today. She described many of the ancient ceremonies that have been performed during this season for thousands of years. Mrs. Granas presented each of her listeners with a piece of matzo, used by the Jews at this time in the place of bread.

Shade trees and the important place they play in everyday life was the topic of Mrs. L. T. Kiley's address. She told of the various kinds that are popular throughout the world and mentioned the fact that trees have been the incentive for more poems than almost anything else in the world.

The world swimming is one of the most important sports was the statement of Mrs. F. G. Dolman who had chosen swimming as the subject for her discussion.

Following the various talks, Mrs. John Clarkson offered her criticisms regarding their presentation and subject matter.

It was announced that Mrs. C. W. Hollister will act as toastmistress at the next meeting and address will be given by Mrs. Margaret Tannenbaum, Mrs. R. H. Snyder, Mrs. S. H. Finley, Mrs. Roy Horton. The subject for the talks will be "Rivers."

"Flowers" was the topic for the delightful little talks given by members of the Anaheim Toastmasters club when they were hosts last night at the dinner given for the Santa Ana club. The affair took place in the Elks club in that city.

Santa Ana women who attended the affair were Mrs. E. F. Hurwitz, Miss Hester Covington, Mrs. L. L. Trickey, Mrs. F. E. Harrison, Mrs. Elizabeth Mott, Mrs. P. G. Dolman, Mrs. C. C. Vogie, Mrs. Esther Granas, Mrs. C. W. Hollister, Mrs. Glen Crilly, Mrs. W. J. Curran, Mrs. H. G. Gardner, Mrs. S. H. Finley, Mrs. R. R. Russick, Mrs. Mary Tannenbaum, and Mrs. H. L. McKague.

Plans Perfected for Shrine Dance in Anaheim

Reservations now being made by members of the Orange County Shrine club for tomorrow night's dance and card party in the Elks' clubhouse, Anaheim, would indicate that the program of social activities being put into effect by Charles Cogan, president of the club, and his social committee, is meeting with the unqualified approval of all Shriners and their families.

Anaheim club members will act as hosts, and a little group of wives of Anaheim Shriners will serve in the capacity of hostesses, following the plan instituted at the ball given earlier in the spring in Ann's Inn. In this hostess group will be Mrs. Paul Harbison, Mrs. P. W. Guyton, Mrs. Neusbaum, Mrs. F. A. Youngbluth, and Mrs. John Cook.

The evening's amusement program will include both dancing and cards, in addition to a special program of "stunts" to be offered by different communities of the county.

ANNOUNCEMENTS

Sycamore Rebekah lodge will meet Saturday night at 8 o'clock in the I. O. O. F. hall. No special plans are being made for program or entertainment, because the members will have taken part during the day, in the big Southern Odd Fellows picnic to be held in Irvine (Orange County) park. The picnic will be in celebration of the 110 years of Odd Fellowship in the state and will attract Odd Fellows and Rebekahs from all over the Southland.

The Third Travel section of Eboli will hold its monthly session Friday afternoon at 2:30 o'clock in the lounge. The subject will be "Sumatra and Java," and will be led by Mrs. Ida Nay. Music will be furnished by Mrs. C. E. Briscoe. The roll call will be answered with an item on home economics.

The Julia E. Lathrop father and son banquet will be held in the educational unit of the First M. E. church, Friday night at 8:30 o'clock with a reception at 8 o'clock. The affair is sponsored by the I. X. L. club.

Tustin W. C. T. U. will meet tomorrow afternoon at 2:30 o'clock with Mrs. Arthur Turner on Irvine boulevard. "Christian Citizenship" will be the program theme with Mrs. Effie Nicholson of Santa Ana, county director of that department, as speaker.

Members of the south section of the First M. E. Aid society will meet tomorrow afternoon at 2 o'clock, with Mrs. W. D. Barnard, 219 East Bishop street.

Fresh water is found 200 miles at sea off the mouth of the Amazon river, South America. The force of the current carries the fresh water this far out to sea.

Federated Missionary Societies to Meet Tomorrow

The seventeenth annual meeting of the Federated missionary societies of Santa Ana will be held tomorrow at the United Presbyterian church, Sixth and Bush streets. Officers of the federation who have been engaged for some time in preparing for the event include Mrs. Lewis J. Gall, president; Mrs. T. D. Knights, vice president; Mrs. W. D. Finn, secretary; Mrs. E. V. S. Pomroy, literature secretary; and Mrs. L. C. Fairbanks, press reporter.

A morning text will be taken from second Timothy, "Study thyself approved unto God, a workman that needeth not to be ashamed, rightly dividing the word of truth."

The morning session will convene at 9:30 o'clock with Mrs. Gall extending greetings to all in attendance. After the reports of committees, and appointment of committeemen, Miss Doris Welles, popular Santa Ana missionary who is home on furlough from service in the mission fields of India, will deliver an address on the subject, "The Story of One Who Was Challenged."

"Our Friendly Neighbors" is the topic for the morning program that includes a group of negro spirituals sung by Mrs. D. L. McGriff, who is to be accompanied at the piano by Miss Mame Havens, and an address by Mrs. Golden S. Norwood on "The Mexican in Our Midst." A pageant is to be given by the Mexican women and Miss Zella Garcia and Miss Naomi Lopez are to sing several numbers.

A covered dish luncheon will follow immediately after the devotional service that will be conducted by Mrs. C. E. Pollins and Mrs. Nori Saluwater.

A verse from the ninth chapter of Matthew has been chosen for the text of the afternoon, "Pray ye the Lord of the harvest, that he may send forth labourers into His harvest."

"The Indian" will be the subject of the afternoon program, which will start at 1:30 o'clock. Mrs. W. S. Buchanan will direct the devotional service.

"The Navajo: His Needs and The Remedy," is the title of an address to be given by Mrs. Charles Troutman. Mrs. Charles G. Nalle, accompanied by Miss Allien Lair, will sing noon.

Following the reports of committees and the introduction of the new ministers' wives by Mrs. Perry Frederick Schrock, a feature entitled "The Indians of Guatemala," will be presented by Mrs. Cameron Townsend, Trinidad Bok and Joe Chico. Cameron Townsend will talk on "The Unreached Peoples of Latin America." Miss Loretta Phillips will act as song leader for the afternoon.

Travel Party Is Unique Function of Last Night

Mrs. F. A. Shults and Miss Isabel Lindsay were hostesses last night at a unique travel party held at the Shults home, 728 Halladay street.

Each guest had been requested to wear something representing a city or country and many clever ideas were carried out. Mrs. Will Kellogg received a pretty gift as her town of Nikko, Japan, was the hardest to guess.

Appointments at the dinner also carried out the travel motif and small ships served as nut cups as well as place cards.

The evening was devoted to "travel" and prizes were won by Miss Thelma Gerrard and Mrs. Thomas Walker.

Those present for the affair included Miss Jean Davis, Mrs. Thomas Walker of Anaheim, Mrs. C. G. Boyd, Mrs. Emma Dietrich, Mrs. N. E. Wells, Miss Gladys Campbell, Miss Verna Wells, Mrs. Will Kellogg, Miss Maurine Mathes, Miss Pearl Camblin, Miss Elizabeth Walker, Miss May Pugham, Miss Thelma Gerrard, Miss Martha Wirick.

YOU and your Friends

Mr. and Mrs. H. C. Akin of 422 South Birch street, left for Los Angeles this morning where Mrs. Akin is to undergo an operation at the California Lutheran hospital.

Mr. and Mrs. C. G. White of 820 East Fourth street, had as weekend guests Miss Ruth Bulpitt and Miss Naomi Bulpitt, students at the University of California at Los Angeles, Miss Dorothy Harmon of Anaheim, and Mrs. Lela Matthews of Colton. Mrs. Matthews is Mrs. White's sister.

Miss Mary Sarber of Chicago, was a guest recently of Miss Chloe Scott, West Fourth street.

Dr. and Mrs. John Simpson of Santa Paula, who have been visiting Mrs. Simpson's daughter, Miss Grace Knapp, of this city, are to leave this week for Toronto, Canada, where they plan to spend the next two years with Dr. Simpson's parents. While they are gone they will enjoy a short trip to England.

Mr. and Mrs. Earl Lyon, Melvin Lyon, Miss Louise Kaiser, and Miss Merle Serber are planning to spend the week end on the Mojave desert.

Mr. and Mrs. Irving Moulton of San Francisco who have been spending this week at the home of Mr. Moulton's brother and sister-in-law, Mr. and Mrs. Lewis Moulton of El Niguel rancho near El Toro, left today for their home in the north.

Miss Mable Cole of 726 South Sycamore street, spent the week end in Los Angeles where she visited.

(Continued On Page 17)

New Features Added To Plans for Fete

Every day adds new features to the "La Fete de Mode" of the Senior guild, Church of the Messiah, to be held on Friday, May 3. The latest feature is a bridal party, sans groom, with the bride, maid of honor and six bridesmaids frocked by Katherine, with the veil, hats and accessories coming from Nannette's. No bride-to-be can afford to miss this. The name of the lovely bride will be revealed Monday, it is said.

Business men of the city will have the honor of opening the fete at the luncheon at 12 o'clock, with Mrs. W. H. Haddon and Mrs. George Chapman receiving. Tables especially for "tired" business men will be placed at vantage points during the fashion revue at 3 o'clock. What weariness could withstand the sight of twenty beautiful models in loveliest of frocks.

Miss Isabel Allobach, talented domestic science expert and director of the home service department of the Southern Counties Gas company, will be one of the hostesses and speakers of the afternoon. The local company is sending the latest fashion in colorful short story to tell of "What Happened to the Smiths."

Miss Edith Cornell of the Julia Lathrop school, prominent in dramatic and community player circles, has selected 16 of Santa Ana's loveliest girls to assist at the revue.

J. C. Art Club to Take Part in Publishing Of Magazine

That the newly organized Art club of the Santa Ana junior college will share in the publishing of the magazine which the Literary club of the college is sponsoring was the latest development in the plans for the magazine, made at a meeting of the group in the library of the college last night.

With the art work in the hands of the Art club, it is expected that unusual lineoleum blocks illustrating the material will be obtained. Members of the club chose as the prize for the best prose selection in the literary contest, a volume of Barrie's complete plays which includes "Peter Pan," heretofore unpublished.

Members of the club are now making plans for a beach party to be held at Dana Point April 30. Preceding the production of the Shakespearean play, "Macbeth," by the students of the college, members of the club will make a study of the play at one of their meetings, with Miss Helen Reynolds in charge.

Members of the club present at the meeting last night were Leonard Morris, Fred Humiston, Miss Virginia Thomas, Miss Elizabeth Mateer, Miss Janet Wilson, Neal Harlow, Miss Florence Caverly, Lyles McNairy, Miss Helen Reynolds, Curtis Bowman, Miss Eleanor Turner and T. H. Glenn.

Luncheon Will Follow Golf Tournament

A woman's golf tournament will be held at the Santa Ana Country club Thursday preceding a luncheon at 1:15 o'clock with cards at 2:15 o'clock, in the upstairs room that has just been redecorated by the women golfers.

Mrs. I. E. Waddell, chairman of the affair, announced that both the starting number and the starting time is optional as long as the nine holes are completed by 1 o'clock.

Coming Events

TONIGHT

Bridge Dinner Honors San Francisco Folk

Entertaining in honor of their houseguests, Mr. and Mrs. Irving Moulton of San Francisco, Mr. and Mrs. Lewis Moulton were delightful hosts last night at a dinner party held at El Niguel rancho.

The table was particularly attractive with its oblong basket of sweet peas, snapdragons and Scotch broom from the beautiful gardens of El Niguel that are famed throughout the county, and the tall pink tapers in silver candlesticks.

Of special interest was the fact that most of the guests recently have completed interesting European trips so much of the conversation centered around happenings abroad.

When bridge scores were added, following an evening devoted to cards, it was found that C. S. Crookshank and Mrs. Frieda McFadden were high, W. H. Spurgeon Jr., Mr. and Mrs. Irving Moulton, Mr. and Mrs. C. S. Crookshank, Mr. and Mrs. H. B. Van Dien and Mrs. Grace Zaiser were low. Each was presented with an appropriate gift.

Those present for the delightful affair included Mr. and Mrs. W. H. Spurgeon Jr., Mr. and Mrs. Irving Moulton, Mr. and Mrs. C. S. Crookshank, Mr. and Mrs. H. B. Van Dien, Mrs. Grace Zaiser and Mrs. Frieda McFadden, and the hosts, Mr. and Mrs. Moulton. Irving Moulton, who is a brother of Lewis Moulton, and Mrs. Moulton are planning to leave this evening for their home in San Francisco.

Enjoyable Talk On Europe

An enjoyable talk on a summer in Europe was given by Miss Verna Bernard of Orange last night at a party given by Mrs. W. A. Atkinson, of 414 Eastside avenue for members of the Fabel Sunday school class, of the First Baptist church of which she is a teacher.

Preceding the delightful talk, guests enjoyed a delicious pot-luck supper that was followed by a brief business meeting.

Those present at the affair included: Mrs. W. A. Atkinson, Miss Maryann Newcomer, Miss Irene Cravath, Miss Naomi Keller, Miss Kathryn Lucas, Miss Edna Ingham, Miss Vera Coad, Miss Ruth Coad, Miss Laura Joiner, Miss Mildred Fox, Miss Helen Kessler, Miss Viola Pride, Miss Ethel Froese, Miss Hazel McFarland, Miss Emma Lee Johnson, Miss Verna Bernard, Mrs. C. E. Cave, Mrs. Leah Elliott, Mrs. Carl Garnett, Mrs. William Latham, Mrs. Roscoe Moore, Mrs. John Newcomer, Mrs. E. L. Young, Mrs. Lester Platt, Mrs. Elizabeth Price, Mrs. John Swanke, Mrs. James Richards.

Charm and Friendliness Predominate at Luncheon

That charm and friendliness for which Mrs. J. B. Tucker and Mrs. Frank C. Drumm are so well known, was reflected in the delightful bridge luncheon with which they entertained at Santa Ana Country club yesterday. Guests were put entirely at their ease by hostesses whose personalities had turned the affair into that informal vein that is so popular in this era of formal affairs.

Quantities of flowers in the softly glowing pastel tints that are so lovely now, were arranged throughout the clubhouse, and seemed to be a special offering from the lady, April, for the success of the function.

The quaint place cards that were appropriate to the season, served as tallies for the bridge games that followed the luncheon. And spring-time wrappings characterized the lovely prizes received by

At Rae's Fresh Assortment of Wash Dresses

Specializing, as we do, in Wash Dresses only, we devote our whole thought to choosing for you, dresses with individual charm—many lines shown exclusively by us in this vicinity.

For the young folks—our dresses are fascinating in their glorious color effects and designing.

Baumgartner Cottage at Laguna Beach Setting For Pretty Affair

One of the loveliest settings imaginable for a bridge luncheon, or a party of any kind, for that matter is the J. P. Baumgartner cottage at Laguna Beach, so it was with expectations of a particularly lovely afternoon that members of the S.O.S. bridge club and several of their friends gathered there yesterday for their fortnightly party. Mrs. Baumgartner and Mrs. E. M. Nealley were hostesses.

All of the gorgeous colors of spring were present in the quantities of flowers that had been sent the hostesses for the occasion by their friends but especially lovely were the crystal baskets of sweet peas that centered each of the small tables where the luncheon was served.

In greeting their guests and attending to other duties of the afternoon, the hostesses were assisted by Mrs. Baumgartner's sister, Mrs. Ella Palmer.

The pretty bridge prizes were won by Mrs. H. H. Dana, Mrs. F. W. Slabaugh and Mrs. Harry Duckett.

Guests of Mrs. Baumgartner and Mrs. Nealley included Mrs. A. M. Gardner, Mrs. F. W. Slabaugh, Mrs. Terry Stephenson, Mrs. J. E. Paul, Mrs. C. A. Vance, Mrs. Wyckoff Hoxie, Mrs. Roy Hall, Mrs. C. S. Crookshank, Mrs. J. E. Leibig, Mrs. I. F. Landis, Mrs. A. J. Cruickshank, Mrs. Frank H. Paterson, Mrs. H. H. Dana, Mrs. W. H. Harrison, Mrs. Harry Duckett, Mrs. S. M. Davis, Mrs. J. E. Gowen, and Mrs. L. A. White.

Y. L. I. Members Attend District Meeting In Glendale

Fifty members of Capistrano Institute, Y. L. I. formed a party attending the district Y. L. I. meeting in Glendale Sunday, leaving here in a special bus at 7:15 that morning. They reached Glendale in time for the 9:30 mass and at 10:30 o'clock entered in the competitive drill held in the Holy Family hall.

Los Angeles and Regina Coeli chapters of Los Angeles were the other entrants from District No. 3. Santa Ana members had hoped to win the silver cup which they had won in the two preceding years, and which would have remained here had they been successful this year. But while their drill team was highly complimented, the prize went elsewhere. Mrs. Stella Engelman is captain of the team, which had drilled under the direction of Harry Edwards, state adjutant of the Disabled American Veterans of the World war.

Business sessions of the conference were conducted in Holy Family hall, with luncheon served at 12:30 o'clock in the Masonic hall. Special guest honors were accorded Miss Katherine Moriarty of San Francisco, grand president of the organization.

The 1930 district meeting will be held on the fourth Sunday in April in Alhambra.

Santa Anans Attend Anniversary Party

The sixtieth anniversary of his becoming a minister in the Reformed Presbyterian church was celebrated Sunday by the Rev. Mr. S. A. Ramsey of Sierra Madre. The Rev. Mr. Ramsey is well known in this city where he has visited a number of times.

Santa Ana folk who were present at the celebration included Mr. and Mrs. O. S. Johnston, Mr. and Mrs. T. Gray Johnston, Thomas Johnston, Mrs. George Ramsey and Miss Eva Ramsey.

Mrs. T. B. Waddell, Mrs. Coy Swindle, Mrs. Justus Craemer, and Mrs. David Wettlin.

Local Junior College Is Represented at Conference

Eight representatives of the Y. W. C. A. of the Santa Ana junior college have returned to Santa Ana with many comments of praise on the Junior College Y. W. C. A. conference which was held at Occidental college this week.

Active participation in the conference was taken by delegates from Santa Ana, as Mrs. John Tassmann, advisor of the local group, was selected by the conference to lead a discussion group and Miss Mary Bruner, president of the college Y. W. C. A., was conference song leader.

Talking as its theme, roads, the entire conference was carried out as a journey with the various discussion groups and meetings as stopping places on the way. A banquet marked an interesting stop at Chaucers Inn.

Among the prominent Y. W. C. A. leaders attending the conference were Miss Helen Price, traveling secretary for the Aallomar division; Lilly Margaret Sherman, Y. W. C. A. secretary at Berkeley who led chapel and devotional services; Miss Henrietta Thompson, international secretary; Miss Helen Hobart, Y. W. C. A. secretary of the University of California at Los Angeles; Miss Rosely Hopa, of the University of Southern California, former chairman of the junior college division and now chairman of the Aallomar conference which is to be held next summer, and Miss Esther Dawson, dean of women at the Long Beach polytechnic high school, who will be the recreational leader at the summer conference.

Delegates to the conference from the Santa Ana junior college were Miss Mary Bruner, Miss Dorothy Haynes, Miss Mary Ford, Miss Lavinia Compton, Miss Virginia Thomas, Miss Margaret Westover, Miss Corinne Nelson, Miss Lena Mae Willsey, and Mrs. John Tassmann.

Plans Continued for Ellen Beach Yaw Concert

Officers and members of the Julia Lathrop P. T. A. stated this morning that they felt that local pride demanded that the coming concert of Friday evening, May 3, featuring Mme. Ellen Beach Yaw, singer, and Georgiella Lay, pianist, be a success. Santa Ana should be known as a "white spot" in music, art, literature and the finer things of life," they said.

It is said that the Boy Scouts of her home town trudge over to "Lark Ellen" with troubles and joys, sure of a welcome and often a solution of perplexing problems. When she sings there is always a large group of boys in the audience for she seems specially to appeal to them.

Mme. Yaw will appear at the high school auditorium on the evening of May 3, and tickets at popular prices are now on sale for the event.

Speed!

Now — for your washing and ironing

THOR has combined the world's fastest speed washer and the new speed ironer into one compact, low-priced laundry unit. You now wash and iron with the same machine.

Faster—and with gentle kindness to clothes. And these two famous Thors—in one unit—now cost you less than you were formerly asked for a good washer alone.

Clubs Fashions WOMAN'S PAGE Weddings Household

By Louise Stephenson

The WOMAN'S DAY

By ALLENE SUMNER

Looking out of my window a few minutes ago I saw a woman slip on the sidewalk and fall. At least half a dozen women, dashing on about their own affairs, looked curiously at her, hesitated a moment as if wondering what they should or could do about it, then hurried on. The first man who came along helped her to her feet, collected her scattered bag and gloves and hat, took her to a cab, tipped his hat, and passed on.

There is a line concerning "man's inhumanity to man." The word "man" is used in the general sense, of course. The line refers to humanity's inhumanity to humanity. There is occasional evidence, however, of woman's inhumanity to woman, with the wonder why it is.

A PARADOX

Dr. Richard Hoffmann, author of a fascinating new non-fiction book called "The Struggle for Health," reminds us that so long as women tended women in childbirth throughout the long centuries when no one dreamed that a man might be of service at this time, not one discovery or invention to alleviate her pain was ever made or even attempted. He writes—

"There were two problems which, almost from the beginning of time, had challenged the skill of all peoples alike: Birth and War. Birth had been a most mysterious and perplexing phenomenon to early man. Yet, so far as birth itself was concerned, little or nothing was done to improve the method of its accomplishment.

"Midwives had this field pretty much to themselves over countless centuries. And if there be one instance where biting criticism can be directed at woman as a professional figure, this is it. Amazing and incredible though it seems, women completely failed to take any step that would aid their fellow women and themselves at this crucial event.

"In all the thousands of years during which agony and death were observed in a thousand ways, no woman invented or contrived any method or instrument intended to lessen the pain attendant to childbirth, or to make it a safer experience. It was only when man came into the field that inventive minds sprung into action and obstetrical progress began.

"It may be that the very treachery of their task injured women to their ancient methods, and that men looked more sensitively upon the scene, coming to it with fresher eyes—the eyes of an opposite sex, looking compassionately upon Na-

ture's most fundamental, yet often cruel expression."

FASHIONABLE THING!

It seems that once again it was fashion which determined a vital thing. It was not until the court world made a male doctor as an assistant to the court fashionable, when kings began using the court surgeon for the delivery of their own offspring, that the lesser people permitted a surgeon at the bedside of the new-born child.

Those who were not kings sometimes summoned a shepherd who had been successful in the lambing season.

Many questions arise with this reminder that woman herself took her agony as a matter of course. Are women slower to accept change, slower to demand a better way, than men? Are they more accepting of things, without questioning if there might be a better way.

When it is only a matter of their own welfare and freedom from pain, women are notoriously accepting; when it concerns their children, or those near and dear to them, they are anything but that.

Woman have gloried in the traditional pain of childbirth, too, for a reason which they would be the first to deny. By clinging to the hardships of it rather than accepting the easier way, they have become more securely anchored to male protection.

Buena Park

Woman's Club

Mrs. R. R. Root of Corona, Southern district chairman of Better Homes, was principal speaker at the meeting of the Buena Park Woman's club held recently. Mrs. Root spoke on the different phases of home life and stressed the cultural and spiritual sides as being the most important and sometimes the most neglected. She stated the American home was the best type of home and its influence was needed to improve the migratory home and the foreign home.

Mrs. Albert Lauer of Fullerton, president of the Orange County federation, led in community singing and she also made an interesting address.

The meeting was preceded by a pot-luck luncheon, the guests of honor being the eighth grade girls and the teacher, Mrs. Lucy Robinson. Mrs. L. T. Wilsey, county chairman of better homes, had charge of program arrangements.

Miss Leona Horn and Robert Shaw won the prizes offered by the club for the best essays written by a girl and boy of the eighth grade. These essays were read at the meeting and the prizes awarded by Mrs. Wilsey, Mrs. Lauer and Mrs. Robinson. Mrs. J. B. Robinson, Mrs. J. P. Greenwalt and Mrs. L. A. Fry.

Make Good Coffee

Occasionally I get a letter asking me "how to make good coffee." Coffee that looks and tastes as it does in hotels and restaurants, a rich dark brown with lots of flavor.

First of all I want to say that a long time ago of Arbuckle's Best are long gone by.

The next thing is the method of making the coffee. Hotels and restaurants make coffee by the gallon and by what looks to me as the "drip" method; for home use this is rather expensive and not as quick as the percolator method.

The strength of the coffee depends on one's taste, but a full dessert-spoonful to each cup of water is a safe rule. Percolate the coffee just long enough to draw out the full strength, then remove from the fire; longer cooking makes it bitter and promotes indigestion.

When coffee seems to lack flavor try this: After the coffee is ready to cook scatter over the top about 1-16 of a teaspoon of DRY MUSTARD and a small pinch of salt. It does strange and marvelous things to coffee that is off-color.

TODAY'S RECIPE

SPAGHETTI ITALIENNE
1/2 pound uncooked spaghetti
1/2 cup nippy grated cheese
1/2 pound chopped steak
1 small can corn
1 1/2-cup can tomato paste
1 onion, diced
1 green pepper, diced
1/2 cup oil or bacon fat
1 teaspoon A-1 sauce
Salt and pepper to taste

The main preparation for this dish may be done in the morning, the cheese is left out and add just before the spaghetti is put in the oven, so—

Break the spaghetti in short lengths and boil tender in salted water, drain and rinse under hot water. While the spaghetti is cooking—

Break the spaghetti in short lengths and boil tender in salted water, drain and rinse under hot water. While the spaghetti is cooking—

ing fry the onion and pepper in fat, add the tomato paste, salt, pepper, paprika and A-1 sauce—and a clove of garlic if you like foods Italian style.

The sauce is now ready so we will put in the cooked spaghetti and the can of corn and let the whole simmer while the chopped steak is being quickly browned in a sizzling hot skillet in a little fat which you have reserved out of the half-cupful.

Add the browned steak to the other ingredients, not forgetting to rinse out the skillet to get brown meat gravy. Set the covered kettle where it will barely simmer and cook at that pace for 2 hours. The last half hour add half of the cheese, turn the spaghetti into a casserole, sprinkle with the remaining cheese and brown for half an hour.

Two thousand two hundred peppery, appetizing calories in this dish say they need nothing more to make them happy than a salad of contrasting flavor and a dessert that, just looks graceful, but doesn't mean anything, calorically speaking. The recipe serves six.

One of the chief reasons for electric refrigerators is to further the preparation of Ice-Box Cakes, but the trusty old ice box does it just as efficiently if a bit more slowly. A stamped, self-addressed envelope sent to this department this week entitles you to a free copy of TARTES AND ICE-BOXCAKES, in which all the fine points of making these two types of desserts are fully covered.

The recipe for tomorrow, Cream Chicken Salad, is quite out of the ordinary and worth trying.

ANN MEREDITH.

At the Theatres

WEST COAST-WALKER

The film version of the most successful play ever written is being screened in this city. Anne Nichols' "Able's Irish Rose," great and poignant story that it is, came to the Walker theater yesterday, and showed all evidence of scoring a tremendous success, even greater, possibly, than the original play itself.

"Able's Irish Rose" teaches us that love can conquer all racial misunderstanding, and that bigotry and the jealousy of creeds is all wrong. Never before has such a stirring tale so beautifully told been presented on a local silver sheet, but the picture does not preach; it amuses and entertains.

Jean Hersholt has scored in a role that he makes outstanding, that of Solomon Levy, the Jewish father who objects to his son's marriage to an Irish girl, Rosemary Murphy. Charles Rogers excels as Able and Nancy Carroll shows herself to be typically Irish as Rosemary. J. Farrell MacDonald is the father of the girl, Patrick Murphy. The comedy roles are in the hands of Bernard Gorcey and Ida Kramer, who, as Mr. and Mrs. Isaac Cohen, have carried their parts from the stage to the screen.

WEST END

For the first time since he deserted the stage for motion pictures, Robert Armstrong plays opposite Irene Rich in the Pathe picture "Ned McCobb's Daughter," which will be seen at the West End theater tonight. However, the beginning of his acquaintance with this charming actress dates back several years.

When Bob was a student at the University of Washington one of his fraternity brothers was a chap named Luther, whose sister was just beginning to establish herself on the screen. The young college student was quite proud of his talented relative and pictures of her figured prominently in the decorations of his room. Half of Luther's fraternity brothers fancied

themselves more than a little in love with the pictured beauty whose film name was Irene Rich. Since Armstrong's arrival in Hollywood that acquaintance has developed into friendship.

YOST BROADWAY

Eleven kids, a nagging wife, a bucking taxi, License number 13 on his antiquated hack, the liabilities: Scotch thrift and Dutch luck his assets, Angus MacTavish, a Don Juan of the traffic jams, plunges into the series of uproarious and howling adventures in "Taxi 13" which comes to the Broadway theater tonight.

"Taxi 13" is said to afford the walrus-moustached star one of those rib-tickling vehicles for which he is famous. There is also a note of pathos and a touch of sentiment in the role of Andy Smith which is said to be decidedly suited to the volatile temperament of the star.

This picture has been rated by FBO, its distributors, as one of its six biggest specials for the year. Its filming was placed in the hands of Marshall Neilan, discoverer of stars like Colleen Moore, Marjorie Daw and Wallace Beery.

Others in the cast who support Chester Conklin are Martha Sleeper, Hugh Trevor, Ethel Wales, Lee Moran, Gustav Van Seyffertitz, Jerry Miley and Charles Byer.
